

# Controversies in Musculoskeletal Overview & General Information

**Saturday, April 24 and Sunday, April 25, 2004**  
**Hospital for Joint Diseases**  
**Orthopaedic Institute**  
**301 E. 17th Street**  
**New York, New York**

## Course Director

**Mark E. Schweitzer, M.D., B.S.**

Professor of Radiology  
Chief, Musculoskeletal Imaging  
Chief of Radiology  
Hospital for Joint Diseases  
Orthopaedic Institute

## NYU Faculty

**Susan L. Campeas, M.D.**

Assistant Professor of Radiology

**Michael B. Mechlin, M.D.**

Assistant Professor of Radiology

**Theodore T. Miller, M.D.**

Chief, Division of Musculoskeletal Imaging  
North Shore – LIJ Health System  
Director, North Shore Imaging Associates, PC  
Associate Professor of Radiology  
NYU School of Medicine

**Sandra L. Moore, M.D.**

Assistant Professor of Radiology

**George C. Nomikos, M.D.**

Assistant Professor of Radiology

**Fabio Ponzo, M.D.**

Assistant Professor of Radiology

**Mahvash Rafii, M.D.**

Professor of Radiology

**Leon D. Rybak, M.D.**

Assistant Professor of Radiology  
Effective January, 2004

**Mark E. Schweitzer, M.D., B.S.**

Professor of Radiology  
Chief, Musculoskeletal Imaging  
Chief of Radiology  
Hospital for Joint Disease

## Overview

Musculoskeletal imaging is such a rapidly evolving area that when CME courses are planned, they are often out of date by the first day of the program. We have, however, selected 14 topics of current interest which will be covered in-depth. Not only will alternate sides of the issue be discussed but various clinical theories will be brainstormed. Our 2004 "Controversies in Musculoskeletal Imaging Conference" will feature post-operative studies, the diabetic foot, the role of musculoskeletal nuclear medicine (with an emphasis on PET), when to use MR contrast agents, new pulse sequences, multi-slice CT, innovative procedures and high- versus low-field strength imaging. The forum will be open and interactive with a chance for both the faculty and members of the audience to delve into the 14 topics in a great degree of detail from various points of view.

## Target Audience

Radiologists, orthopedic surgeons and allied health professionals.

## Educational Objectives

To increase the understanding of appropriate uses and interpretation of musculoskeletal imaging through thorough discussion of 14 different topics of current interest.

## Accreditation

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The NYU Post-Graduate Medical School designates that these continuing medical education activities meet the criteria for credit hours in Category I of the Physician's Recognition Award of the American Medical Association.

**7 Hours Saturday Only**

**7 Hours Sunday Only**

**14 Hours in Category I Total**

## Disclosure Statement

The NYU Post-Graduate Medical School adheres to ACCME Standards and regarding commercial support of continuing medical education. Disclosure of any commercial relationships as well as off-label or investigational use of any drug, device or procedure by the faculty, will be made known at the course.
