

Interpreting Head & Neck Scans Taking Your General & Travel Information

OPTIONAL ONE-DAY WORKSHOP

Interpreting Head & Neck Scans Taking Your Reports to the Next Level

February 13, 2004 • Caneel Bay Resort, St. John

Faculty

Course Director

Deborah R. Shatzkes, M.D.
Assistant Professor of Radiology

Guest Faculty

Chuck Lanzieri, M.D., FACR
Professor of Radiology
Director of Neuroradiology
Case Western Reserve University
Cleveland, OH

NYU Faculty

Annette O. Nusbaum, M.D.
Assistant Professor of Radiology

Objectives and Outcome:

After completing this workshop, the participant can expect to have:

1. an improved understanding of basic anatomy and common pathology in the head & neck.
2. an organized and reproducible system for interpreting head & neck scans.
3. a well-defined framework for the reporting of these scans.
4. an increased level of confidence in approaching head & neck imaging studies.

Registration

Preference Given to Neuroradiology Course Participants

Registration fees for this one-day workshop are \$225 (\$150 reduced fee for residents, fellows, alumni, etc.). Preference is being given to attendees of the Neuroradiology Conference on St. Thomas due to the limited room block and size of the meeting room at Caneel Bay. If space is still available on November 15, 2003, registration will open-up for this one-day workshop.

Overview and Target Audience

This one-day workshop is designed to specifically address the needs of those practitioners who would like to improve the quality of their reporting skills in head & neck. The anatomic complexity of this region requires a systematic approach for accurate and complete evaluation. The use of such an approach in turn allows the radiologist to generate a coherent and articulate report. While basic anatomy and common patterns of disease are reviewed, the emphasis of this workshop is on providing the practitioner with an organized approach to the interpretation and reporting of head & neck scans, which can then be incorporated into their daily practice.

Accreditation

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The NYU Post-Graduate Medical School designates that these continuing medical education activities meet the criteria for credit hours in Category I of the Physician's Recognition Award of the American Medical Association.

Interpreting Head and Neck Scans Workshop:
4.5 hours in Category 1

Disclosure Statement

The NYU Post-Graduate Medical School adheres to ACCME standards regarding industry support of continuing medical education. Disclosure of any commercial relationships as well as discussion of off-label or investigational use of any drug, device or procedure by the faculty, will be made known at the symposium.

St. John

St. John is the smallest of the three US Virgin Islands at just nine miles by five miles. More than half of this area is preserved as a National Park. Most of the island remains untouched. In fact, it appears much as it did when Columbus and his crew first sighted it 500 years ago.

Caneel Bay Resort

Our block of rooms is available from Thursday, January 15th until Sunday, January 18th as this is Presidents' Weekend. You will want to reserve very early to stay longer. There is no better antidote to our over-stressed lives, than a serene Caribbean getaway where guests can experience a complete 'disconnect,' in natural surroundings and low-key luxury.

Caneel Bay, an exclusive resort nestled within the 5,000-acre Virgin Islands National Park on St. John, remains faithful to the vision of founder Laurance Rockefeller and to his reverence for the environment. Seven secluded beaches border an expansive paradise of 170 lush acres. In this pristine setting, comfortably elegant resort accommodations showcase beautiful vistas, yet the structures are barely in view. Caneel remains purposefully absent of modern glitz as well as digital and electronic distractions—it's a place where a wake-up knock replaces a wake-up call and free from telephones and television, the furious pace of the world at home becomes a remote memory. All rooms offer air-conditioning with ceiling fans, patios or balconies, mini bar and wall safe. The Business Center offers computers with DSL Internet access, printers, data ports and telephones, including cell phones. Dining options include five restaurants offering guests a choice of casual, light dining or a more formal setting. Caneel Bay offers a Children's Program, ages 3 to 12, focusing on environmental appreciation of the property and the island.

	NYU Meeting Rate:	February 2004 Public Rate:
Tennis/Garden View	\$575.....	\$600
Ocean View	\$650.....	\$700
Beachfront	\$700.....	\$825

Rates above are per room, per night, single or double occupancy, plus tax, currently 8% plus 10% service charge. Service charge includes all gratuities for hotel staff with the exception of wait staff in the dining rooms, lounges, and room service. Room rates include unlimited use of Sunfish sail boats, kayaks, wind-surfing, snorkel gear, tennis facilities, exercise facility, nightly turn-down service, and nightly feature movie presentation. Third person adult—\$30. Children ages 17 and under may room with parents at no charge. Maximum occupancy: 3 adults or 2 adults and 2 children. Suites subject to rate and availability at time of request. A deposit equal to 3 nights, or full stay if shorter, is required to confirm accommodations.

Transfers for Caneel Bay, St. John

Depart the Ritz Carlton at 2:00pm for the National parks dock when you will board a private ferry for a short 20 minute ride directly to the Caneel Bay Resort dock. These transfers are \$9.00 per person billed by TPI. The ferry transfers are currently \$65 per person round trip, subject to change, and will be billed to your room. Both transfers include hospitality staff, baggage handling and gratuities. Ferry transfer includes return transfer from Caneel Bay to the airport in St. Thomas.
