Neuroradiology on Nevis: Essentials of Neuroradiology and Head & Neck Imaging
January 11–14, 2005

The Post-Graduate Medical School of the New York University School of Medicine is committed to improving patient care through continuing medical education.

Purpose Statement
There are many recent technological advances in neuro-imaging techniques which can be applied in current clinical practice. Maintenance of certification requires continued review of essential imaging techniques in all areas of radiology, including Neuroradiology and Head & Neck imaging.

Course Description
The goals of this course are to provide both a review of the fundamentals of Neuroradiology and Head & Neck Imaging, as well as to provide exposure to the newest techniques now being applied in the practice setting. To this end, each day includes designated lectures on Head & Neck basics and cutting-edge neuroimaging techniques, scheduled at the beginning and end of each day, respectively. The intervening sessions provide a broad, up-to-date review of those topics in Neuroradiology and Head & Neck Imaging important to daily practice.

Target Audience
This course is appropriate for general radiologists and neuroradiologists in a variety of practice settings, as well as for the radiology resident or fellow interested in a comprehensive review of Neuroradiology and Head & Neck Imaging.

Objectives
Upon completion of this course, attendees should be able to:

- Discuss the fundamentals of a current Neuroradiology practice
- More accurately interpret Head & Neck images as well as improve the preparation of the radiology report
- Illustrate the latest techniques in imaging of the central nervous system and Head & Neck, including diffusion/perfusion MRI, MRS, multidetector CT scanning, PET/CT and CTA
- Demonstrate how advanced imaging techniques are integrated into daily practice

Accreditation Statement
The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The NYU Post-Graduate Medical School designates this educational activity for a maximum of 16.75 category 1 credits toward the AMA Physician’s Recognition Award. Each physician should claim only those hours that he/she spent in the activity.

Disclosure Statement
The NYU Post-Graduate Medical School adheres to ACCME Standards regarding industry support of continuing medical education. Disclosure of any commercial relationships as well as discussion of off-label or investigational use of any drug, device or procedure by the faculty will be made known at the symposium.

Registration Information
The tuition for this five-day course is $875; $550 for residents/fellows, retirees, NYU alumni, V.A. employees, Canadian and non-U.S. physicians. On-line registration is the easiest and fastest way to register for this course. If you need to cancel this meeting, a $75 service charge will be made if written cancellation is made at least 30 or more days in advance and a $150 cancellation fee levied for cancellations made within 30 days.

Course Confirmation
Please be sure to provide your email address to receive a confirmation/receipt.

Special Needs
The Post-Graduate Medical School of the New York University School of Medicine, in compliance with the legal requirements of the Americans with Disabilities Act, requests any participant of this CME course who is in need of accommodation to submit written requests to our office at least one month prior to the course date.

Dietary Restrictions
Please indicate any dietary restrictions on the registration form or on-line form.

Special Topics/Questions
If there is a specific topic or question that would help fulfill your educational needs, please submit it on the registration form or on-line form.
