

NYU Virtual Colonoscopy Workshop

*Very Limited
Enrollment!*

The Raleigh Hotel
Miami Beach

• **April 28-29, 2006**
(Friday-Saturday)

Course Director: Michael Macari, M.D.
Associate Professor of Radiology
New York University School of Medicine

General Information

Purpose Statement

The current role of virtual colonoscopy as related to colon imaging is significant to radiologists interested in developing and implementing virtual colonoscopy into their practices. This workshop has been designed to demonstrate and teach “hands-on” techniques that will enable the participant to detect colorectal polyps at Virtual Colonoscopy.

Target Audience

Virtual Colonoscopy workshops have been designed for radiologists both in private practice and academic centers.

Description

This one and one-half day workshop has been designed to review current aspects of colon cancer and colon cancer screening. The format for this course is hands-on training using workstations loaded with approximately 25–40 “endoscopically-proven” data sets, chosen to include a mix of normals, abnormal and pitfalls. In addition to the hands-on experience, didactic lectures are included on patient preparation, data acquisition, current screening techniques, and how Virtual Colonoscopy fits in with overall patient management.

Educational Objectives

- In order to more effectively detect colorectal polyps, you will identify the utility and potential limitations of using virtual colonoscopy, as compared to routine colonoscopy
- In an effort to better screen your patients, you will evaluate the role and application of virtual colonoscopy as it relates to patient care
- In order to improve your interpretation skills in evaluating the colon, you will more effectively use the workstation through hands-on experience

Accreditation Statement

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation Statement

The NYU Post-Graduate Medical School designates this educational activity for a maximum of 11.5 Category I credits toward the AMA Physician’s Recognition Award. Each physician should claim only those credits that he/she spent in the activity.

Disclosure Statement

The NYU Post-Graduate Medical School adheres to ACCME Essential Areas and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified Conflicts of Interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships as well as the discussion of off-label or investigational use of any drug, device or procedure by the faculty is listed at the symposium.

Meeting Location

The Raleigh Hotel
South Beach/Miami Beach, Florida
1775 Collins Avenue
Miami Beach, FL 33139
(www.raleighhotel.com)

We have selected the Raleigh Hotel in South Beach, Florida for this workshop.

The Raleigh was designed by L. Murray Dixon, one of the most prolific and acclaimed architects of South Beach's historic Art Deco District and is now owned by Andre Balazs, creator of some of the world's most innovative hotels. With its regal façade, impressive interiors and lagoon-sized pool heralded as a "jewel" of modernist design, The Raleigh bestows a commanding presence in one of the most beautiful beaches in the world.

The hotel features:

- Guest rooms and suites in the elegant art deco style of the 1940's
- World renowned swimming pool with cascading waterfall
- Private beach access, outdoor showers, bicycles
- Complementary wireless internet access
