NYU Virtual Colonoscopy Workshops

Purpose Statement
The current role of virtual colonoscopy as related to colon imaging is significant to radiologists interested in developing and implementing virtual colonoscopy into their practices. This workshop has been designed to demonstrate and teach "hands-on" techniques that will enable the participant to detect colorectal polyps at Virtual Colonoscopy.

Target Audience
Virtual Colonoscopy workshops have been designed for radiologists both in private practice and academic centers.

Description
This one and one-half day workshop has been designed to review current aspects of colon cancer and colon cancer screening. The format for this course is hands-on training using workstations loaded with approximately 25–40 "endoscopically proven" data sets, chosen to include a mix of normals, abnormals and pitfalls. In addition to the hands-on experience, didactic lectures are included on patient preparation, data acquisition, current screening techniques, and how Virtual Colonoscopy fits in with overall patient management.

Educational Objectives
- In order to more effectively detect colorectal polyps, identify the utility and potential limitations of using virtual colonoscopy, as compared to routine colonoscopy
- In an effort to better screen your patients, evaluate the role and application of virtual colonoscopy as it relates to patient care
- In order to improve your interpretation skills in evaluating the colon, more effectively use the workstation through hands-on experience

Disclosure Statement
The NYU Post-Graduate Medical School adheres to the ACCME Essential Areas and Policies, including the Standards for Commercial Support, regarding industry support of continuing medical education. In order to resolve any identified conflicts of interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty will be fully noted at the meeting.

Acknowledgements
The organizers gratefully acknowledge the support received from E-Z-EM, INC.
Virtual Colonoscopy
Program Information

For October 6–7, 2006

Day #1
7:45–8:30 a.m. Registration and Continental Breakfast
8:30–9:00 a.m. Rationale for Colorectal Screening and Current Options
9:00–9:30 a.m. Virtual Colonoscopy: Patient Preparation
9:30–10:00 a.m. Virtual Colonoscopy: Data Acquisition
10:00–10:45 a.m. Virtual Colonoscopy: Data Interpretation
10:45–11:00 a.m. Coffee Break
11:00–11:30 a.m. Review of Workstation and Workstation Technique
11:30–12:30 p.m. Review of Five Unknown Cases
12:30–1:30 p.m. Lunch (included with tuition)

Day #2
1:30–2:30 p.m. Review of Unknown Cases
2:30–5:30 p.m. Hands-on Review of Unknown Cases

Meeting Location
The Carlton Hotel on Madison Avenue
88 Madison Avenue
New York, NY 10016
(www.carltonhotelny.com)

We have selected The Carlton Hotel on Madison Avenue for this workshop in New York City. Located just north of Madison Square Park within walking distance to the Flatiron Building and the Empire State Building, The Carlton on Madison heralds the return of opulence and style to the Madison Square Park district of Manhattan. Recently restored by renowned architect David Rockwell of Rockwell Group, the beaux-arts hotel dates back to 1904 and was designed by Harry Allen Jacobs. The lobby features a two-story waterfall, elegantly designed custom furnishings and all of the high tech needs for today’s modern traveler. Accommodations are some of the largest in New York City featuring 316 guestrooms and suites and “an atmosphere of tranquility, elegance, modern luxury and classic sophistication consistent with a four-diamond hotel.” The Carlton on Madison is home to Geoffrey Zakarian’s Country Restaurant and Café.

The Hotel Features:
• Frette linens and down feather comforters
• Mahogany furnishings
• Complimentary in-room wireless Internet access
• Executive work desk
• Marble bathrooms
• Fully stocked refreshment center

Hotel Reservations
It is important that hotel reservations are made no later than September 15th, 2006 (our discounted room block will be released to the public then). Please call 1-800-601-8500 and mention NYU Medical Center to receive the discounted rates.

Nightly Rates
• Superior Room, Queen Size Bed ($379)
All rates are subject to 8.375% New York State tax, 5% New York City hotel tax, New York City Development tax $1.50 per night, and New York City occupancy tax of $2 for guestrooms and $4 for suites. All taxes are subject to change without prior notice. The above rates are based on single/double occupancy. Additional person charge of $20.00 per night.

Tuition Fees
The course tuition fee for this workshop is $1850 per attendee and includes two breakfasts, one lunch and breaks, in addition to the educational program. Each attendee will have one workstation and the class-size is extremely limited to ensure maximum learning. A discounted fee of $1500 per attendee is available for residents, fellows, NYU alumni, V.A., overseas physicians including Canada, military, and retirees.

In case of questions, contact:
Michelle Koplik at (212) 263-3936 or michelle.koplik@nyumc.org

Cancellation Information
If you cancel your enrollment and we are able to fill your place with another physician, you will only be charged a $75 administrative fee. However, if you cancel and we cannot re-book your place, you will be charged a $1000 cancellation fee. This is a high cancellation penalty due to the popularity of this topic and the limited number of enrollees possible.

Special Needs
The Post-Graduate Medical School of the New York University School of Medicine, in compliance with the legal requirements of the Americans with Disabilities Act, requests that any participant of this CME course who is in need of accommodations to submit written requests to our office at least one month prior to the course start date.

Dietary Restrictions
Please indicate any dietary restrictions on the registration form.

Special Topics/Questions
If there is a special topic or question that would help fulfill your educational needs, please submit it on the registration form.
