NYU Post-Graduate Medical School
and the Department of Radiology

The Post-Graduate Medical School of the New York University School of Medicine is committed to improving patient care through continuing medical education.

Purpose Statement

There are many recent technological advances in imaging techniques which can be applied in current clinical practice. Maintenance of certification requires continued review of essential imaging techniques in all areas of radiology.

Target Audience

This course is designed for practicing clinical radiologists.

Course Description

Directed by Alec J. Megibow, M.D., M.P.H., F.A.C.R., this course will be comprised of state-of-the-art lectures covering a wide variety of clinical applications. During this 4 1/2 day meeting, imaging aspects of diseases of the chest, abdomen and musculoskeletal system will be presented. Again this year, we will include a series of lectures in oncologic diagnosis using PET and PET/CT. For all presentations, the emphasis is on those methods by which the practicing radiologist can harness the power of the latest technologic developments. Lectures emphasize image interpretation, differential diagnosis, pitfalls and review the pathophysiologic basis for imaging findings.

Educational Objectives

1. Due to evolving MR, CT and PET technology, you will visualize the enhancements in imaging findings as they apply to patients with abnormalities of the chest, abdomen and musculoskeletal system.
2. Translating the advances of the latest technology available to patient care, you will create protocols for body and musculoskeletal applications.
3. Using standard imaging protocols for state-of-the-art imaging equipment, you will recognize and avoid common imaging pitfalls to further improve your ability to distinguish findings.

NYU Clinical Imaging Essentials IN DEER VALLEY

Deer Valley Resort – One of the Premier Alpine Resorts in the World

The charm and solitude of Deer Valley Resort's secluded mountain setting is found in the historic mining town of Park City, just 36 miles from the Salt Lake International Airport (45 minutes driving time). You won't find a more accessible and convenient setting. Deer Valley Resort revolutionized the ski industry in 1981 by creating the attentive service, gourmet food and luxury accommodations one would not expect at a ski resort at that time. Deer Valley Resort was honored in 2005 by being named the #1 ski resort in North America by the readers of SKI Magazine, and proudly hosted the 2002 Olympic Winter Games slalom, aerial and mogul events. To make the guest experience even more enjoyable, Deer Valley Resort invested over \$10 million in improvements since 2004.

Exceptional customer service, consistent quality and attention to every detail are all part of the Deer Valley experience. And the four mountains, offering a wide variety of terrain types, allow guests more than ample opportunity to indulge in the 350 annual inches of light, dry Utah powder.

How to Reach Deer Valley

You should fly into Salt Lake City. Premier Travel of Philadelphia has arranged special discounted rates on Delta Airlines and these fares also help with the Saturday overnight requirement of some airlines. Please contact **Bernice at 1-800-545-1910 (Ext 413)** or send an e-mail to **bernicel@premiertours.com** for a quote. We urge you to book your trip as early as possible.

The Chateaux at Silver Lake

The Chateaux at Silver Lake offers extraordinary personal guest services and outstanding European-style condominium and lodge accommodations, vaulted lobby and beautiful staircases. Every square inch of The Chateaux demonstrates its commitment to details, from carved stone fireplaces in each room to crafted woodwork. It has a work-out facility, outdoor heated pool and hot tub, award-winning restaurant and lounge, business center, sports equipment rental shop, ski valet, and full-service concierge. It offers underground parking for those with vehicles. The Chateaux is not a ski-in/ski-out property but is only a short walk from the lifts and Deer Valley Resort offers complimentary daytime and overnight ski storage outside Silver Lake Lodge and at Snow Park Lodge. It is located three miles from Historic Main Street, where shoppes and restaurants are abundant and The Chateaux offers free regular shuttle service for shopping or dining.

Ski Lessons at Deer Valley (Sign Up Early to Avoid Disappointment)

Advance reservations are essential for all Deer Valley services throughout the ski season, and especially during the month of March. Call ahead to make arrangements: 888-754-8477 or 435-645-6648. No special group discounts are possible for ski lessons.

The Deer Valley website provides you with complete information and prices on ski lessons (www.deervalley.com) but it is absolutely essential that you book your ski lessons as soon as possible (we recommend that you complete this step in the Fall when you are reserving your hotel).
