Course Description

The lectures during this five-day course will highlight current concepts and controversies in body imaging. Covered topics will include CT, MRI, and ultrasound techniques for diagnosing and differentiating diseases of the liver, pancreas, genitourinary system, bowel, pelvis, and vascular system. Chest topics will also be addressed, including optimized techniques for accurately diagnosing pulmonary embolism, pulmonary nodules, interstitial lung diseases and thoracic aortic disease. There will also be a lecture on the controversies and merits of screening CT.

Target Audience

Our target audience includes radiologists looking for a very practical, clinically-oriented radiology course. Course participants will be able to interact with the course faculty and are encouraged to discuss questions and controversies raised during presentation of the imaging topics.

Educational Objectives

To update participants on technical advances and clinical applications in body imaging, thereby increasing their ability to diagnose a wide range of disorders.

Expected Outcome

Enhancement of cross-sectional imaging skills for diagnosing diseases of the body.

Accreditation

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

23.75 hours in Category 1

Disclosure Statement

The NYU Post-Graduate Medical School adheres to ACCME standards regarding industry support of continuing medical education. Disclosure of any commercial relationships as well as discussion of off label or investigational use of any drug, device or procedure by the faculty, will be made known at the symposium.

Registration Information

Registration fees are $825 per attendee ($595 reduced fee for residents & fellows, Canadian physicians, NYU School of Medicine alumni, former residents and fellows, M.D.'s employed by the Department of the V.A. Medical Center, full-time active military personnel, nurses, technologists and other non-M.D. healthcare professionals.

Registration fees include a Sunday night welcome reception for registrants and the entire family, course materials and coffee breaks. Full American breakfast buffets are included with the hotel package.

Registration should be handled by our on-line registration system by going to www.radcme.med.nyu.edu. Please be certain to include an email address to receive an automatic confirmation/receipt the moment you enroll. If you prefer to pay by check, please copy the registration form from the on-line system and mail it to us with your check. It is very easy to register on-line, taking only a couple of minutes.

Cancellation Policy

Cancellations must be made in writing prior to July 1, 2003 and are subject to a $75 administrative charge. Cancellations necessary after July 1, 2003 are subject to a $150 service charge.
