The CT/MRI: Head to Toe Course is intended to introduce the basic interactions between metabolic imaging and other imaging modalities in oncologic imaging, allowing radiologists to become aware of new information and improve the quality of patient care. The symposium will highlight the increasing usefulness of cardiac imaging techniques of obtaining high-quality CTA and MRA in the lecture format as well as during the small group discussions and increase opportunities in cardiac MR and PET, and will introduce new concepts in CT/MR imaging. The course consists of both lectures and discussions from previous courses, recent literature, and presentations by experts in the field. The presentations will emphasize small group discussions in order to discuss and ask questions of this highly interactive course.}

### Educational Objectives
- To present the latest advances in cardiac imaging, including CT angiography and MRI techniques.
- To discuss the role of PET in cardiac imaging and its increasing usefulness.
- To increase opportunities in cardiac MR and PET.
- To introduce new concepts in CT/MR imaging.

### Course Dates and Locations

- **April 24–25, 2004**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **May 21–23, 2004**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **June 11–14, 2004**
  - Costa Rica
  - NYU Radiology Conference in Italy (Location to be announced)

- **July 25–30, 2004**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **September 10–13, 2004**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **October 22–25, 2004**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **November 19–23, 2004**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **December 13–18, 2004**
  - Nantucket
  - Neuroradiology on Nantucket at the Grand Hyatt, New York

- **January 12–16, 2005**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **February 9–12, 2005**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe

- **March 14–18, 2005**
  - New York City
  - New York University School of Medicine
  - 23rd Annual CT/MRI: Head to Toe
