Meeting Location: Banff National Park (Canadian Rockies)

Snow-capped peaks, glistening glaciers and sweeping vistas are just one part of the allure of Banff National Park. You can enjoy all the luxuries staying in Banff at the Fairmont Banff Springs yet step out into the wilderness. Banff National Park is one of the most breathtakingly beautiful destinations in the world, with the mountains appearing much higher and more majestic than even the Colorado Rockies. Tall, rugged and craggy mountain peaks, hoodoos, hot springs, great valleys, dense forests, alpine meadows, spectacular rivers and glacial gem lakes are just some of the natural splendor that fills this 2564-square mile park.

Banff National Park is a nature-lover's paradise. Visitors interested in mountaineering, hiking, cycling, fishing, canoeing, kayaking, horseback riding, photography or simply enjoying the beautiful landscape will love Banff. Other attractions include helicopter sightseeing, gondola rides, hot springs, spas, and golf. Please see our special group activities we have organized for you later in this brochure.

Beautiful turquoise lakes abound, the most famous probably being Lake Louise (just 35 minutes north of Banff). In fact, we have even arranged for some of you to spend the post-meeting weekend at the famous Fairmont Chateau Lake Louise overlooking this emerald-green glacier lake.

The beautiful town of Banff, running along the Bow River, is a major tourist center in the summer. The Fairmont Banff Springs Hotel really established Banff as a vacation spot. The town, walkable from the hotel, has a multitude of shops, restaurants, museums and galleries. Banff is also the home of the Banff Centre, one of the best fine arts schools in North America. Its annual "Banff Festival of the Arts" is held in the summer (classical music, jazz, ballet, opera and performing arts).

The Fairmont Banff Springs

(www.fairmont.com)

Since 1888 the Fairmont Banff Springs has stood as a proud statement to the grandeur of the Canadian Rockies. Originally built as a railway hotel to accommodate adventurous travelers crossing the Rockies, this classic hotel continues its tradition of exemplary service and warm hospitality into a new century.

This majestic and legendary baronial castle is set in a unique and breathtaking landscape. In 1992 it was declared an historical site.

Today it has gone through many changes yet it still retains its old-world charm with high ceilings, rattling windows and the unique castle-like architecture and size which makes it a treat to explore. The hotel now boasts __ restaurants plus lounges and bistros. Just about any appetite can be satisfied with its broad array of cuisines (Japanese, German, British, European, Continental, Italian). The Fairmont Banff Springs also boasts a 30,000-square-foot spa and health club with indoor and outdoor pools, bowling alley, hot springs, tennis on five supreme turf courts, and golf on a 27-hole course.

The Fairmont Banff Springs is recognized and admired as a vestige of

another era. Although there are less expensive places to stay in Banff when you visit, we feel you shouldn't miss this experience!

Again, you will be able to obtain a refund on the 7% GST taxes you incur.

*as of November, 2003

Travel to Banff

You will want to fly into Calgary which is 90 minutes east of Banff. We strongly suggest that you rent a car in Calgary as you will enjoy the scenic drives around Banff. Discounted car rentals have been arranged through Premier Travel.

Please contact Bernice at Premier Travel for air and car rental discounts (800-545-1910, Ext 413) or email her at bernicel@premiertours.com. We strongly urge you to book your air and hotel accommodations months in advance as July is peak-season in Banff.

Depending on your flight times in and out of Calgary, you may want to consider the Delta Hotel (owned by Fairmont) at the Calgary Airport as it's the only hotel actually "connected" to the airport terminals. Their phone number is (888) 814-7706.

Packing Tips

Casual dress is the norm in Banff and Lake Louise. High temperatures in the summer range from mid-60's into the 80's. Nights can drop down to the 40's on average. Wild weather swings are common. We recommend that you pack sweaters, shorts, jeans, sturdy shoes or hiking shoes, jacket, raingear, tee-shirts, bathing suit for the indoor-outdoor pool, sunglasses, hats, sunscreens. You may want to wear slightly dressier clothes for your dinners at the Fairmont Banff Springs; one restaurant requires a jacket for gentlemen.

Summer Body & Musculoskeletal Group Activities and Options

We highly recommend that you sign-up in advance for these activities. We will have a tour representative at our Hospitality & Registration Desk but we encourage sign-ups in advance to avoid disappointments.
