

## Four Seasons Resort, Oahu at Ko Olina

**January 22–26, 2018**

*The Department of Radiology Presents:*

## **NYU's Clinical Imaging Symposium in Oahu at Ko Olina**

Provided by the NYU Post-Graduate Medical School

# **General Information**

### **Target Audience**

This course is designed for clinical radiologists in academic or private practice.

### **Learning Objectives**

After participating in this activity, clinicians should be able to:

- Describe and develop a strategy to incorporate the American College of Radiology's position on the management of incidental findings in abdominal and pelvic imaging in clinical practice.
- Identify important neurological diagnosis which mimic acute stroke, based on both clinical and imaging features, in order to make the correct diagnosis.
- Describe the current application of US imaging for the diagnosis of musculoskeletal pathology, as well as its correlation to MR imaging.
- Describe the advantages and limitations of coronary CT angiography technology for the assessment of coronary artery disease and cardiac abnormalities.

### **Accreditation Statement**

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

### **Credit Designation Statement**

The NYU Post-Graduate Medical School designates this live activity for a maximum of 21 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### **Statement of Need/Course Description**

There are many recent technological advances in imaging techniques and protocols which can be applied to current clinical practice. Maintenance of certification requires continued review of essential imaging techniques in all areas of radiology, including: Abdominal, Emergency, Cardiac, Neuroradiology and Musculoskeletal Imaging. This course is designed to demonstrate a practical approach to image acquisition and interpretation in various clinical settings using current up-to-date imaging techniques, while decreasing patient radiation dose. Lecture topics include: management of incidental findings in the abdomen and pelvis, MSK MR Imaging, imaging stroke mimics, state of the art pelvic trauma imaging and coronary CT angiography. In addition to didactic lectures, several case-based sessions will also be included to cover: abdominal, neuro, cardiac and musculoskeletal imaging.

### **Disclosure Statement**

The NYU Post-Graduate Medical School adheres to ACCME accreditation requirements and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified conflicts of interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships, as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty, will be fully noted at the meeting.

### **Special Needs**

The Post-Graduate Medical School of the New York University School of Medicine, in compliance with the legal requirements of the Americans with Disabilities Act, requests any participant of this CME course who is in need of accommodation to submit written requests to our office at least one month prior to the course date.

## The Island of Oahu

Home to Hawaii's capital city of Honolulu, the island of Oahu swells with historic landmarks and attractions, adventures, and only-on-Oahu experiences. From the home base at Four Seasons Resort Oahu at Ko Olina, it's easy to explore so many of the island's main attractions, as well as a few locally favored sites.

From Waikiki to Pearl Harbor, to a hike up Diamond Head or the Manoa Falls Trail, to the Ka'a'awa Valley, home to Kualoa Ranch, to the Windward Coast and chocolate tours on the North Shore, to Iolani Palace near downtown Honolulu and one of the oldest Chinatowns in the US, to the Northshore where you will find the Pipeline, one of surfing's most sacred spots to all the spectacular beaches nearby, there is so much to explore on the island of Oahu!

Take the family out for a thrilling outrigger canoe ride on the ocean. Enjoy an intimate waterfall hike. Indulge in a peaceful massage on a private beach. Tantalize your taste buds with authentic shrimp shack plates and shave ice on the North Shore. Find a number of fun and exciting things to do in Oahu — golf, beach, pool, fishing and sailing, spa, tennis and more!

#### Traveling to Oahu, Hawaii

Convenient for international travelers, Oahu is the most air-accessible Hawaiian island, thanks to the many direct flights to Honolulu International Airport (HNL). It's less than 30 minutes by car from the airport to Four Seasons Resort Oahu at Ko Olina.

**Luxury Car or SUV Transfers:** The Resort offers transportation to and from the airport. Please ask the Concierge for limousine, sedan and taxi rates

**Taxi & Car Rental:** Taxi and rental services are available. Most major car rental firms operate at the airport. Enterprise is available at the Resort as well as at the airport. Please ask the Concierge for rental car and taxi rates.
