CHERI Intern

Department: Population Health
Job Title: CHERI (Chinese American Health Equity Research Initiative) Intern
Reports to: Yi-Ling Tan
Office Location: New York, NY

Position Summary

The Chinese American Health Equity Research Initiative (CHERI) is dedicated to research and evaluation of Chinese American health and health disparities through research and collaboration. We are looking for bright and motivated interns to assist with ongoing research studies on H. pylori and stomach cancer. Interns may also have an opportunity to develop new projects with community and health center partners.

Preference will be given to individuals who can commit to the internship for both spring and summer terms.

Principal Responsibilities

1. Conduct literature reviews and draft reports and summaries.
2. Assist in developing surveys for H. pylori provider survey and community needs assessment.
3. Assist in conducting key informant interviews and focus groups.
4. Enter data and maintain data files/survey responses.
5. Assist in analysis of quantitative and/or qualitative data.
6. Attend outreach events (may require some weekends and evening hours).
7. Other responsibilities as assigned.

Qualifications

1. Commitment to health disparities and social justice work.
2. Fluency in Mandarin and/or one of the following: Cantonese, Fujianese, Toishanese (preferred but not essential).
3. Previous academic or work experience in research or needs assessments.
4. Excellent writing skills.
5. Excellent organizational, communication, and time management skills
6. Excellent computer skills (use of MS Office Suite, internet research)
7. Ability to communicate and work with community members and community organizations in a friendly and professional manner.
8. Ability to work independently.

How to Apply

If interested, please send a cover letter, resume/CV, and a completed HDRTP application (available at bitly.com/nyuhdrtmp) to Janet Pan at janet.pan@nyulangone.org. Please include “HDRTP – CHERI Spring 2019 Intern” in the email heading.
