COURSE DESCRIPTION
Venous Thromboembolism (VTE), including deep vein thrombosis and pulmonary embolism, is a national health crisis, occurring or reoccurring in an estimated 1 million patients annually. With the advent of new oral anticoagulants (NOACs) and innovative invasive techniques, the field of VTE diagnosis and treatment is ever-evolving. This one-day course is intended to provide attendees with robust and current insight into Venous Thromboembolic disease. Since VTE occurs throughout the population and often requires a multi-disciplinary treatment approach, we invite all specialties of providers, as well as advanced Allied Health practitioners to attend this informative course. Topics will be varied and will include a VTE anatomical refresher, pathology of VTE, topics in both non-invasive and invasive treatment options and issues for special populations including oncology and obstetric populations.

TARGET AUDIENCE
The potential audience for our course will be primary care physicians, physician assistants, residents, fellows and nurses.

EDUCATIONAL OBJECTIVES
After participating in this activity, clinicians should be able to:
• Articulate and follow the guidelines for management of DVT and PE
• Develop treatment strategies that factor in new concepts concerning new pharmaceuticals and minimally invasive treatment
• Determine when to use the new anticoagulants and when not to treat
• Identify which surgical devices are now available as treatment options for submassive PE and when to use such surgical devices vs. when not to treat
• Implement the updated guidelines for management of veno-thromboembolism
• Identify the recent updates to current knowledge of managing DVT and PE
• Identify the different types of quality indicators (VCSS, Villalta Score, and Quality of Life score), where they are applicable and how they are used in clinical practice to affect positive change in patient outcomes
• Identify patient safety and quality issues such as proper dosing of NOACs and the adverse effects of NOACs as well as when to intervene with surgery vs. medication

PROVIDED BY
NYU Post-Graduate Medical School

CME ACCREDITATION STATEMENT
The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT
The NYU Post-Graduate Medical School designates this live activity for a maximum of 6.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CONTINUING NURSING EDUCATION CONTACT HOURS
This program has been approved for 6.0 continuing nursing education contact hours.
The NYU Meyers College of Nursing Center for Continuing Education in Nursing is accredited as a provider of continuing nursing education by the American Nurses’ Credentialing Center’s Commission on Accreditation.

COURSE FEES
Full: $175
Reduced*: $125
NYU Langone/Lutheran Faculty & Staff**: $125
NYU Langone/Lutheran Nurses**: $50

* Reduced fee applies to NYU School of Medicine alumni, former residents and fellows; physician-in-training; physicians employed by the Department of Veterans Affairs Medical Center; fulltime active military personnel; retired physicians; and all other non-physician healthcare professionals.
** Must provide valid NYU Langone/Lutheran ID

REGISTRATION
Visit our secure website med.nyu.edu/cme/vtec to submit online registration.

LOCATION
NYU Langone Medical Center
550 First Avenue, Alumni Hall
New York, NY 10016

Venous Thrombosis
UPDATE 2017
AGENDA: Friday, May 19, 2017

7:00 am  Registration and Continental Breakfast

7:45  Welcome and Introduction
Lowell Kabnick, MD, RPhS, FACS, FACPh

7:51  Course Introduction and Information
Lowell Kabnick, MD, RPhS, FACS, FACPh

8:00  Introduction to VTEC
Thomas Maldonado, MD

8:16  Review of Anatomy: The Where and What
Lowell Kabnick, MD, RPhS, FACS, FACPh

8:32  Epidemiology — Risk Factors: The Who and Why
Jonathan D. Newman, MD, MPH

8:48  Symptom Distribution: What Am I Supposed to Feel?
Caron Rockman, MD

9:04  Life After DVT
Mark A. Oliver, MD, RPVI, RVT, FSVU

9:20  Introduction to DOACs
Tania Ahuja, PharmD

9:45  BYO Case Session I — Q&A

10:00  Coffee Break

10:31  Practical Applications of DOACs
Jeffrey Berger, MD, MS, FAHA, FACC

10:47  Diagnosis and Initial Triage of First VTE
Mark A. Oliver, MD, RPVI, RVT, FSVU

11:03  Is There Such a Thing as Unprovoked DVT?
Amish Patel, MD

11:19  Should I Test for Thrombophilia?
David Green, MD, PhD

11:35  When to Use Coumadin
Tania Ahuja, PharmD

11:51  Can I Prevent DVT Recurrence?
Jeffrey Berger, MD, MS, FAHA, FACC

12:06  BYO Case Session II — Q&A

12:15 pm  Lunch

1:15  Long Term Complications of DVT
Todd Berland, MD

1:31  DVT/Compression
Patrick J. Lamparello, MD

1:47  Invasive Management of DTV
Mikel Sadek, MD

2:03  Invasive Management of PE
Divya Sridhar, MD

2:19  Incidental PE
Ezra Dweck, MD

2:35  The Pregnant Patient + VTE
Ashley Roman, MD, MPH

2:51  Nursing: Transitioning the DVT Patient
Lisa M. Paplanus, DNP, ACNP-BC, ANP-BC, RN-C, CCRN

3:07  Anticoagulating the Elderly/High Risk Patient
Ezra Dweck, MD

3:23  Chest 2016 — What You Need to Know
Glenn Jacobowitz, MD

3:39  Panel — Ask the Experts

4:00 pm  Adjourn

REFUND POLICY
In order to request a refund, you must email maria.mercado@nyumc.org no later than 14 days prior to the first day of the course. An administrative fee of $75 will be deducted from your refund. Cancellations or no-shows after this date are not eligible for a refund.

COURSE CANCELLATION POLICY
If a course is cancelled due to inclement weather, insufficient enrollment, or any other reason, NYU PGMS will refund registration fees in full. NYU PGMS will provide at least two weeks’ advance notice if cancelling due to insufficient enrollment and as soon as possible in all other circumstances. NYU PGMS is not responsible for any airfare, hotel, or other non-cancellable costs incurred by the registrant.

ELECTRONIC SYLLABUS
Course syllabus will only be distributed electronically. A link will be sent the week of the course where you can view, download or print course information and presentations in advance. This link will also allow you to view the course syllabus on your smartphone, tablet or laptop during the course. Course presentations remain available for one year after the course.
