NYU SEMINAR IN

Advanced Rheumatology

THURSDAY-SATURDAY, MARCH 19-21, 2015
NEW YORK, NY

Special Workshops

• State-of-the-Art Lectures
• Meet the Professor Luncheons
• Clinical Databases & Research in the Office Setting
• Ultrasound in the Office Setting

ALSO OFFERED:

Musculoskeletal Ultrasound for Rheumatologists:
Beginner and Intermediate Levels

SATURDAY-SUNDAY
MARCH 21-22, 2015
NEW YORK, NY

http://cme.med.nyu.edu/ultrasound

REGISTER ONLINE AT:
http://cme.med.nyu.edu/rheumatology
Course Description
The annual NYU Seminar in Advanced Rheumatology is an informative conference for rheumatologists, orthopedists, trainees in the rheumatic diseases, internists and other physicians with a special interest in rheumatology. It will review and address those areas where recent, solid knowledge in the treatment of rheumatic diseases is available, focusing particularly on the state-of-the-art in rheumatology, at the leading edge between new clinical knowledge and its translation into practice.

Rheumatology is a fast-moving field in which new discoveries are continually being made, and new treatment modalities developed. Because the basic and clinical scientific underpinnings of rheumatologic practice frequently and directly come to impact upon therapy, this course will also explore those areas of new science that are likely to prove important to the near-future management of patients with rheumatic disease.

Lectures and Year-In-Review updates will provide participants with the latest information in arthritis, lupus and other rheumatologic conditions; panel discussions and optional Meet-the-Professor sessions will allow participants to raise questions and participate in dialog with the course instructors and clinical experts.

Target Audience
Our target audience consists of clinical and academic rheumatologists, orthopedists, trainees in the rheumatic diseases and internists with a special interest in rheumatology; other interested clinicians are welcome.

Statement of Need
Across the spectrum of rheumatic disease, rapid accrual of new knowledge and continually evolving therapeutic advances challenge rheumatologists to stay abreast and provide their patients with the best possible care. Lupus management remains a core performance area in which rheumatologists require updating. Clinicians need to be aware of newer approaches to treating lupus, including the central role of hydroxychloroquine, the recent introduction of belimumab and the potential for new agents in the near future. Physicians must be prepared to incorporate new thinking in regards to pathophysiology and genetics, and to manage the co-morbid conditions of SLE, particularly premature atherosclerosis. Management of pregnancy in lupus patients also presents unique and evolving challenges and opportunities. In rheumatoid and psoriatic arthritis, newly available biologic therapies and small-molecule signal transduction inhibitors, as well as the potential for directly managing bone erosion, provide options and shed light on the pathophysiology of inflammatory arthritis. Clinicians must be able to incorporate these new approaches into treatment paradigms, considering both safety and efficacy. With the aging of the population osteoporosis has become an increasingly prevalent disease, demanding new insights into disease risk, bone biology and pharmacologic development. Physicians need to stay abreast of the current recommendations for osteoporosis screening and management, including management of steroid-induced osteoporosis and osteoporosis in patients who fail or are unable to take standard therapy. The understanding and treatment of other rheumatic diseases including vasculitis, osteoporosis and gout are also advancing rapidly. The NYU Seminar in Advanced Rheumatology will address all these, and other conditions, and help clinicians stay abreast with the state of the art in 2015.

Educational Objectives
After participating in this activity, clinicians should be able to:

• Be up to date on information regarding the pathogenesis of lupus and application to therapy
• Evaluate new and future treatment approaches for lupus management, including the management of lupus nephritis
• Apply the most recent recommendations for screening, following and managing pregnant lupus patients, their fetuses and offspring
• Recognize the benefits, and manage risks of newly available biologic therapies for treatment of rheumatoid arthritis, psoriasis and psoriatic arthritis
• Develop strategies to determine when to introduce small-molecule biological therapies into treatment
• Appropriately select anti-osteoporosis drugs, including managing potential toxicities of treatment, and apply second-line approaches when first-line agents are ineffective or contraindicated
• Properly diagnose and treat ANCA-associated vasculitis, including both the induction and maintenance of vasculitis remission
• Recognize and manage risk factors for the progression of osteoarthritis
• Incorporate an understanding of cardiovascular risk in the management of gout and SLE

Accreditation Statement
The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement
The NYU Post-Graduate Medical School designates this live activity for a maximum of 21.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

PLENARY SESSIONS:
3/19: 6.75 AMA PRA Category 1 Credits™
3/20: 6.75 AMA PRA Category 1 Credits™
3/21: 3.50 AMA PRA Category 1 Credits™

AM WORKSHOPS:
3/19: 1.00 AMA PRA Category 1 Credits™
3/20: 1.00 AMA PRA Category 1 Credits™

MEET THE PROFESSOR LUNCHEON WORKSHOPS:
3/19: 1.00 AMA PRA Category 1 Credits™
3/20: 1.00 AMA PRA Category 1 Credits™

Disclosure Statement
The NYU Post-Graduate Medical School adheres to ACCME accreditation requirements and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified conflicts of interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships, as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty, will be fully noted at the meeting.

Location
NYU Langone Medical Center
Alumni Hall, Farkas Auditorium
550 First Avenue (31st St.)
New York, NY 10016

Mailing Address & Contact Information:
Registration Office
NYU Post-Graduate Medical School
577 First Avenue, Room 125
New York, NY 10016
Phone: (212) 263-5295
Fax: (212) 263-5293

Hotel Accommodations
Rooms are in very heavy demand in New York City; we urge you to make your reservations early. You may obtain a list of hotels located near NYU School of Medicine by visiting our website: http://cme.med.nyu.edu/travel

Parking

**Thursday, March 19**

7:00am  Registration & Continental Breakfast

7:15  Optional AM Workshops on Clinical Databases & Research in the Office Setting

1. Yusuf Yazici, MD  
   Assessment of RA Outcomes & Monitoring in Routine Care

2. Jonathan Samuels, MD  
   Ultrasound: A Hands-on Workshop

**INFLAMMATORY ARTHRITIS**

MODERATORS: Adam Mor, MD and Gary E. Solomon, MD

8:30  GERALD WEISSMANN LECTURE IN RHEUMATOLOGY

Control of Bone by the Immune System

Georg A. Schett, MD

9:05  From Guts to Joints: The Human Microbiome in Rheumatic Disease

Jose U. Scher, MD

9:40  Coffee Break

10:05  Oldies but Goldies, Mechanism of Action of Older Rheumatic Drugs

Bruce N. Cronstein, MD

10:40  Immunologic Disease: Progress in Wiping the Slate Clean

Gregg J. Silverman, MD

11:15  Understanding How Pannus and Fibroblast-Like-Synoviocytes Mediate Joint Damage in RA

Michael B. Brenner, MD

11:50  Lunch Break (on your own)

11:50  Meet the Professor Optional Luncheon Workshop

1. Vivian P. Bykerk, MD  
   Choosing the First Therapy for Patients With Early RA

2. Christopher Ritchlin, MD, MPH  
   Challenges in Spondyloarthritis

3. Jon T. Giles, MD, MPH  
   Diet and Exercise in Rheumatoid Arthritis

4. Susan M. Goodman, MD  
   Total Hip and Total Knee Replacement Outcomes in Patients With Rheumatic Diseases

**THERAPY**

MODERATORS: Sicy H. Lee, MD and Stephen A. Smiles, MD

1:00pm  What Observational Studies of Early RA Patients Have Taught Us About Best Practices

Vivian P. Bykerk, MD

1:35  Psoriatic Arthritis: Mechanistic Concepts and Therapeutic Advances

Christopher Ritchlin, MD, MPH

2:10  Cardiovascular Disease in Rheumatoid Arthritis: Pathogenesis, Prediction, and Prevention

Jon T. Giles, MD, MPH

2:45  Coffee Break

3:00  Rheumatoid Arthritis: Current Perspectives on Perioperative Management

Susan M. Goodman, MD

3:35  Risks and Benefits of RA Therapeutics in 2015

Jeffrey Curtis, MD, MS, MPH

4:10  Panel Discussion on Inflammatory Arthritis

MODERATOR: Jose U. Scher, MD

PANELISTS: Jeffrey Curtis, MD, MS, MPH, Jon T. Giles, MD, MPH, Susan M. Goodman, MD, Hal J. Mitnick, MD, Christopher Ritchlin, MD, MPH

5:00pm  Adjourn & Reception

**Friday, March 20**

7:15am  Registration & Continental Breakfast

7:30  Optional AM Workshops on Clinical Databases & Research in the Office Setting

1. Amit Saxena, MD  
   Lupus Instruments in Clinical Trials

2. Soumya M. Reddy, MD  
   Outcome Measures in a Psoriatic Arthritis Research Registry

**ADVANCES IN SLE: APPLIANCE OF BASIC RESEARCH TO PATIENT MANAGEMENT**

MODERATORS: Robert D. Clancy, PhD and Peter M. Izmirly, MD

8:30am  2014-2015 Advances in Delineating the Molecular Pathways to SLE: Year in Review

Chaim Putterman, MD

9:10  2014–2015 Advances in the Care of Lupus Patients: Year in Review

Joan T. Merrill, MD

9:50  The Trappings of Neutrophils and Contribution to the Pathogenesis of SLE

Mariana Kaplan, MD

10:20  Coffee Break

10:35  Lupus Onset vs. Lupus Flare: Similarities and Differences

Judith A. James, MD, PhD

11:05  Sequencing Antibody Repertoires to Define Pathogenic Autoantibodies in SLE and Autoimmunity

William H. Robinson, MD, PhD

11:40  Meet the Professor Optional Luncheon Workshop

1. Murray Urowitz, MD, FRCP(C)  
   Managing Comorbidities in Lupus

2. Brad H. Rovin, MD  
   Management of Lupus Nephritis

1:00pm  IRA GOLDSTEIN MEMORIAL LECTURE

Facing the Consequences of Cardiovascular Morbidity in SLE

Murray Urowitz, MD, FRCP(C)

1:45  Antiphospholipid Antibodies: Updates and Call for ACTION

Doruk Erkan, MD

2:20  ReMatch: Debate in Management of Lupus Nephritis

MODERATOR: Jill P. Buyon, MD

PANELISTS: Brad H. Rovin, MD and James Alan Tumlin, MD

3:20  Coffee Break

3:35  Pregnancy: Who to Worry About

Jill P. Buyon, MD

4:10  Panel Discussion

CHAIR: H. Michael Belmont, MD

PANELISTS: Joan T. Merrill, MD, Brad H. Rovin, MD, James Alan Tumlin, MD, Murray Urowitz, MD, FRCP(C)

5:00pm  Adjourn

**Saturday, March 21**

8:00 am  Registration and Continental Breakfast

**UPDATES IN MUSCULOSKELETAL DISEASE**

MODERATORS: Mark A. Eberle, MD and Pamela B. Rosenthal, MD

8:30am  Osteoarthritis: Pathogenesis and Risk Factors for Progression

Steven B. Abramson, MD

9:05  ANCA-Associated Vasculitis: Achieving and Maintaining Remission

John H. Stone, MD, MPH

9:40  Fracture Prevention in Osteoporosis

Stephen Honig, MD, MSc

10:15  Coffee Break

10:30  Arthritis in Children: An Update for the Clinician

Philip J. Kahn, MD

11:05  Metabolic Myopathies: What We Can Learn from Dr. Goodwrench

Kenneth S. O’Rourke, MD

11:40  The Crystal Heart: Update on Gout and Cardiovascular Disease

Michael H. Pillinger, MD

12:15 pm  Adjourn

6th Floor, Joseph and Nancy Errico Learning Center
333 East 38th St, New York, NY 10016

Course Description
The use of musculoskeletal ultrasound (MSKUS) has increased amongst rheumatologists in the United States over the last 5 years, but we still trail Europeans and others in this regard. MSKUS complements the physical examination by allowing for superior visualization of synovitis and erosive changes compared to conventional radiography, and provides detail comparable or supplementary to magnetic resonance imaging (MRI). This modality is also less expensive than MRI and CT scans, without the claustrophobia or other contraindications, while uniquely providing dynamic—rather than static—imaging. While MSKUS enhances our diagnostic and prognostic abilities in the clinics and at the bedside, rheumatologists skilled in MSKUS can also aspirate/inject hips and posterior knees (Baker’s cysts) and improve the accuracy/success of other routine injections. A growing body of literature for MSKUS in RA, gout and other diseases is contributing significantly to the understanding of diagnostic and prognostic utility, longitudinal assessment, and disease remission. Furthermore, scoring systems focusing on the patient level rather than individual joint have been developed, allowing for simplification of exams while still retaining accuracy and utility. Despite all of this, relatively few rheumatologists have received training to use this modality. There are very few MSKUS courses focused on the needs of rheumatologists and the patients and problems that they see. We feel that there is a significant need on a regional and national level for a beginner’s course for rheumatologists and associated health care professionals.

Target Audience
Rheumatologists and other health care professionals working in the field of rheumatology

Educational Objectives
At the conclusion of this activity, participants should be able to:

• Compare the efficacy of MSKUS techniques to conventional radiography and select the best diagnostic and treatment modalities to treat their patients

• Demonstrate the correct way to handle the ultrasound probe and locate and recognize normal anatomy and pathology in each of the joints using musculoskeletal ultrasound

• Utilize ultrasound to track needles into joints and bursae by both indirect and direct guidance
Accreditation Statement
The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement
The NYU Post-Graduate Medical School designates this live activity for a maximum of 14 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement
The NYU Post-Graduate Medical School adheres to ACCME accreditation requirements and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified conflicts of interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships, as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty, will be fully noted at the meeting.

Course Setup
The hands-on sessions for this course will be divided into two tracks: Beginner and Intermediate. You must choose your track upon registration. Those who have taken a course before or are familiar with all of the joint scans should opt for the Intermediate. Some lectures will also be geared more towards the Intermediate level, however they will be beneficial to all participants.

Registration
Space is limited and applications will be accepted in order of their receipt. In order to reserve your seat, please register in advance, as onsite registration is not guaranteed. An email confirmation will be sent confirming your registration. Please visit our secure website http://cme.med.nyu.edu/ultrasound to submit online registration.

6TH ANNUAL
PEDIATRIC RHEUMATOLOGY:
AN UPDATE FOR CLINICIANS

Wednesday, March 18, 2015 • New York, NY

TOPICS INCLUDE:
• The Potential Role of Neutrophils in SLE
• Urinary Biomarkers in Lupus
• Chronic Recurrent Multifocal Osteomyelitis
• Hypermobility Syndromes
• Complement Mediated Renal Disease

For more information and to register online, please visit: http://cme.med.nyu.edu/pedrheum
Course Schedule

Saturday, March 21

11:00am  Registration
11:30am  Welcome
11:35am  Introduction: Basics, General Sonopathology and “Knobology”
12:15pm  HANDS-ON SESSION: Basics and “Knobology” Doppler and Advanced Functions*
12:45pm  Lunch
1:15pm  Knee Anatomy and Pathology
1:50pm  HANDS-ON SESSION: Knee
2:45pm  Hip Anatomy and Pathology
3:05pm  HANDS-ON SESSION: Hip
3:35pm  Coffee Break
4:20pm  HANDS-ON SESSION: Ankle/Foot
3:45pm  Ankle/Foot Anatomy and Pathology
4:20pm  HANDS-ON SESSION: Ankle/Foot
3:35pm  Coffee Break
3:45pm  Interesting Images and Case Presentations*
5:20pm  HANDS-ON SESSION: Hip
5:50pm  HANDS-ON SESSION: Ankle/Foot
6:20pm  Adjourn

Sunday, March 22

7:45am  Registration & Continental Breakfast
8:00am  Welcome
8:05am  Wrist/Hand Anatomy and Pathology
9:45am  Elbow Anatomy and Pathology
10:20am  HANDS-ON SESSION: Elbow
11:15am  Documentation/Billing
11:45am  Lunch Panel Discussion: Competency, Certification, and Integration of MSUS into Practice
12:45pm  Shoulder Anatomy and Pathology
1:20pm  HANDS-ON SESSION: Shoulder
2:20pm  Procedure Guidance: Practical Approaches and Evidence-Based Justification*
2:50pm  HANDS-ON SESSION: Procedure guidance
3:20pm  Pathology: Review by Disease*
3:50pm  Wrap-Up Discussion
4:00pm  Adjourn

*These lectures are at an intermediate level, however all participants should attend.

Registration Form
Musculoskeletal Ultrasound for Rheumatologists: Beginner and Intermediate Levels

March 21-22, 2015  •  The Center for Musculoskeletal Care, 6th Floor
Joseph and Nancy Errico Learning Center, 333 East 38th St, New York, NY 10016

Register online at http://cme.med.nyu.edu/ultrasound

After 12 pm on March 17, 2015, only onsite registration is available provided the course has not reached capacity. Onsite registrants will incur an additional $20 charge and will receive a receipt by email in 1-2 weeks. All onsite registrants will receive a printed syllabus.

PLEASE PRINT CLEARLY IN BLOCK LETTERS AND NUMBERS
