Robotic General and Colorectal Surgery: A Team Approach

Friday–Saturday • June 10–11, 2016

COURSE DIRECTORS

Mitchell Bernstein, MD, FACS, FASCRS
Steven M. Cohen, DO, FACS
Elliot Newman, MD

REGISTER ONLINE AT: www.med.nyu.edu/cme/roboticsurgery_General
COURSE DESCRIPTION
This two-day course, designed for both the surgeon and their operating room staff, will include didactic lectures and live surgeries.

Robotic surgery is a relatively new and growing platform in the armamentarium of surgeons performing minimally invasive general surgery. A variety of procedures can now be performed using the robotic platform, thereby expanding the opportunities to perform minimally invasive surgery. Through a series of didactic lectures, video demonstrations and live surgery, the course will introduce surgeons to the technique of using the robotic platform for general surgical procedures, including varied colon and rectal procedures, biliary procedures including cholecystectomy, hepatic and pancreatic surgery, and certain types of hernia surgery. In addition to surgical techniques, discussions about program development, OR set-up and efficiency will be discussed.

This course is part of the larger Second Annual NYU Langone Multi-Specialty Robotic Surgery course, which includes a Nursing and Allied Surgical Team Track. This track focuses on best practices in efficiency, safety and surgeon support with a team focused approach. With 5 systems and over 7,500 cases performed, we will share our team approach to running a multi-specialty program. We encourage and recommend you to bring your nurses, PAs and hospital administration. For more information and to register for the Advanced Robotic General and Colorectal Surgery: A Team Approach, please visit: www.med.nyu.edu/cme/roboticsurgery_general

TARGET AUDIENCE
General and colon and rectal surgeons who perform minimally invasive surgery and are interested in learning about the robotic platform

STATEMENT OF NEED
Although the safety, efficacy and benefits of minimally invasive general surgery, including colorectal, have been well established, the robot is a new platform being utilized for this purpose. The robotic platform requires docking of the robot, the use of different instruments and patient positioning than laparoscopic surgery. Most surgeons have not had experience using the robot in their training or current practice. In addition, the OR set-up and instrumentation will be new and unfamiliar to nurses and other members of the surgical team.

EDUCATIONAL OBJECTIVES
After participating in this activity, surgeons will be able to:
• Describe proper patient positioning for various robotic general and colorectal procedures
• Describe proper docking for various general and colorectal procedures
• Describe trocar placement strategies for various robotic general and colorectal procedures
• Identify proper operative techniques for several general and colorectal robotic procedures

COURSE FEES
Full Fee: $499
Reduced Fee: $399*
Residents & Fellows: $200

*Reduced fee applies only to a physician whose PA, Nurse or Scrub Technician is registered for the Building a Multi-Specialty Robotics Team: Allied Healthcare Professionals
Robotic General and Colorectal Surgery: A Team Approach

FACULTY

COURSE DIRECTORS
Mitchell A. Bernstein, MD, FACS, FASCRS
Associate Professor of Surgery
Director, Division of Colon & Rectal Surgery
NYU Langone Medical Center

Steven M. Cohen, DO, FACS
Assistant Professor of Surgery and Cardiothoracic Surgery
NYU School of Medicine

Elliot Newman, MD
Professor of Surgery
NYU School of Medicine
Chief GI Surgical Oncology
NYU Cancer Institute

NYU SCHOOL OF MEDICINE FACULTY
Michael J. Grieco, MD
Assistant Professor of Surgery

Alexis L. Grucela, MD
Assistant Professor of Surgery

Veronica Lerner, MD
Associate Professor of Obstetrics and Gynecology
Director, Obstetrics and Gynecology Simulation Program

Jamie P. Levine, MD
Associate Professor Hansjorg Wyss
Department of Plastic Surgery
Chief of Microsurgery

Michael D. Stifelman, MD
Professor of Urology
Director of Robotic Surgery

GUEST FACULTY
Meagan M. Costedio, MD
Assistant Professor of Surgery
Cleveland Clinic Lerner College of Medicine
of Case Western Reserve University
Cleveland, OH

Pier C. Giulianotti, MD
Professor and Chief, Division of General,
Minimally Invasive & Robotic Surgery
Distinguished Lloyd M. Nyhus Chair in Surgery
University of Illinois at Chicago
Chicago, IL

Anthony M. Gonzalez, MD, FACS
Associate Professor Surgery
Florida International University College of Medicine
Chief of Surgery Baptist Hospital of Miami
Medical Director Bariatric Surgery Baptist Health
Miami FL

Thomas N. Payne, MD
National Medical Director — HCA Robotics
Executive Medical Director
Texas Institute for Robotic Surgery
Austin, TX

Alessio Pigazzi, MD, PhD, FACS
Chief Division of Colon and Rectal Surgery
University of California, Irvine
Irvine, CA

Richard M. Satava, MD, FACS
Professor of Emeritus Surgery, Department of Surgery
University of Washington Medical Center
Seattle, WA

Nazema Y. Siddiqui, MD, MHSc
Assistant Professor of Obstetrics & Gynecology
Duke University School of Medicine
Director of Research, Division of Urogynecology & Reconstructive Pelvic Surgery
Duke University Medical Center
Durham, NC

LOCATION
NYU Langone Medical Center
550 First Avenue
Alumni Hall
New York, NY 10016

CONTACT INFORMATION
NYU Post-Graduate Medical School
Phone: (212) 263-5295
Fax: (212) 263-5293
Email: cme@nyumc.org

ACCREDITATION STATEMENT
The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT
The NYU Post-Graduate Medical School designates this live activity for a maximum of 12.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE STATEMENT
The NYU Post-Graduate Medical School adheres to ACCME accreditation requirements and policies, including the Standards for Commercial Support regarding industry support of continuing medical education. In order to resolve any identified conflicts of interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships, as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty, will be fully noted at the meeting.

HOTEL ACCOMMODATIONS
Rooms are in very heavy demand in New York City; we urge you to make your reservations early. You may obtain a list of hotels located near NYU Langone Medical Center by visiting our website: http://med.nyu.edu/cme/travel

PARKING
For information, please visit nyulangone.org/locations/tisch-hospital/parking
We cannot validate parking for registrants.

☐ Full Fee: $499
☐ Reduced Fee: $399*
☐ Residents & Fellows: $200

* Reduced fee applies only to a physician whose PA, Nurse or Scrub Technician is registered for the Building a Multi-Specialty Robotics Team: Allied Healthcare Professionals

METHODS OF PAYMENT:
(Cash, email and phone registration are not accepted)
If faxing, do not mail or refax. This will only result in a duplicate charge to your account. Registration is non-transferable.

☐ Check in U.S. Dollars only: $_______________
☐ Credit Card Payment (see below)
☐ International Postal Money Order: $_______________
   (Foreign registrants, including those from Canada, must pay by International Postal Money Order or credit card)

MAKE CHECK PAYABLE TO:
NYU Post-Graduate Medical School
SEND TO:
New York University School of Medicine
P.O. Box 419252
Boston, MA 02241-9252

REFUND POLICY:
In order to request a refund, you must email maria.mercado@nyumc.org no later than 14 days prior to the first day of the course. An administrative fee of $75 will be deducted from your refund. Cancellations or no-shows after this date are not eligible for a refund. Fax and email cancellations are not accepted.

COURSE CANCELLATION POLICY:
If a course is cancelled due to inclement weather, insufficient enrollment, or any other reason, NYU PGMS will refund registration fees in full. NYU PGMS will provide at least two weeks’ advance notice if cancelling due to insufficient enrollment and as soon as possible in all other circumstances. NYU PGMS is not responsible for any airfare, hotel, or other non-cancellable costs incurred by the registrant.

PAYMENT BY CREDIT CARD: Credit card payments may be faxed to (212) 263-5293.

Bill To: ☐ Visa ☐ MasterCard ☐ American Express
Amount to be charged: $_______________
