2. Continue straight until you reach the emergency room doors and turn right.
3. Continue straight pass the Rotunda until you reach the elevators on your right.
4. Take elevator D9 or D10 up one floor to 1.
5. Exit the elevator through the blue double doors and turn right.
6. Turn Room 127 will be on your right.

Additional Information:

1. On the day of your test, you may have regular meals, and please follow your physician’s instructions regarding your medication.
2. Unless absolutely necessary, please turn off any implanted stimulator approximately four hours prior to scan.
3. Magnetic objects interfere with the MEG measurements, so you will be asked to remove all metal items, such as jewelry, watch, belt, hair pins, hearing aids, underwire bra, and dentures.
4. Please do not use eye make-up on the day of your MEG.
5. Please refrain from alcoholic beverages (more than one drink), recreational drugs or caffeine for 24 hours before your scan.

We look forward to seeing you.
If you must cancel your appointment, please contact your physician’s office or call us at 212-263-6561.

Thank you.
