ASYNCHRONOUS NEVER LOOK AWAY Trauma Training Program

A self-paced curriculum for providers and agencies in child-serving systems

Never Look Away: Acting with Clarity and Courage for Traumatized Children

The *Never Look Away* series is an animated video training comprised of 9 modules with an accompanying curriculum based on concepts and tools from Trauma Systems Therapy.

The series is centered on two characters, children who have experienced traumatic events and subsequently have significant problems related to their sense of safety and security in their environment. The series engages participants to consider how to help these children – and the great many children like them – to feel safe and secure in their worlds.

Participants engage in two modules a week online at their own pacing and discretion, then join an hour-long live Zoom call once a week to discuss the module content and how it relates to their work with traumatized children.
