

Ronald O. Perelman Department  
of Emergency Medicine

# Kenneth & JoAnn G. Wellner Fellowship in Emergency Department Safety & Quality

# First Year Fellow

Class of 2026

## John Genova, MD

**Hometown:** Chevy Chase, MD

**Residency:** Community Medical Center– Rutgers Health

**Medical school:** ST. George's University, School of Medicine

**Areas of interest/Hobbies:** Traveling, trying new restaurants, hiking/ exercising, playing/watching sports, enjoying time with friends and family.

**Why I chose NYU Langone:** I chose NYU's QSPI fellowship to learn about current QSPI structures that exist within healthcare systems and how they can be utilized and leveraged to create an environment that promotes efficiency, accountability and one that protects and serves the patients at all times. The fellowship allows me to practice across multiple sites that are faced with dynamic and unique challenges that may need to be analyzed through a different lens. The option to pursue a 2 year MPA program was another major factor in my decision to ultimately choose NYU.
