

THE VIP PROGRAM

Visiting International Physician's Program

At NYU LANGONE ORTHOPEDIC HOSPITAL

PLEASE NOTE THAT DUE TO HEAVY FACULTY WORKLOADS AND HIGH DEMAND, IT MAY BE DIFFICULT TO OFFER THIS APPOINTMENT TO ALL QUALIFIED APPLICANTS.

TERMS OF APPOINTMENT

- Appointments must be at least one week in duration and cannot exceed 30 days
- Applicants must be trained in Orthopedic Surgery or are currently in training
- Appointments are without compensation, benefits or housing
- Visiting Physicians may attend conferences and lectures and are welcome to observe clinical activities but may not participate in the actual delivery of care. They do not perform any healthcare role whatsoever, and are explicitly forbidden to actively participate in patient examinations, procedures, clinical decision making and do not contribute to documentation.
- Visiting Physician must abide by all applicable HIPAA patient confidentiality regulations. Specific consent must be obtained from any patient whose clinical encounter or procedure will be attended by the Visiting Physician.
- This observational experience does not constitute training. Approved Visitors will not receive any form of certification from NYU Langone Orthopedic Hospital for the time of their appointment.
- All applicants who are not US citizens or do not have a green card require a WB or B-1 Visa and need to comply with the requirements.
- TRANSLATIONS: Documents in a language other than English must be accompanied by a certified translation.

REQUIRED DOCUMENTS

(Only completed applications with appropriate attachments will be considered)

- Application Form
- Professional Letter of Recommendation
- Curriculum Vitae
- Copy of Medical School Diploma. If the Diploma is in a language other than English, a certified translation must be submitted.
- Copy of Current Medical license
- Current copy of government issued picture ID (license or passport)
- NYU Langone Hospitals/NYU Langone Orthopedic Hospital: Security Request Form/Academic Observers
 1. Observer to fill out page 1 and sign on page 4
 2. Health Assessment Form (Appendix A)

Up-to-date documentation of vaccines, immunizations, and screenings:

- The observer must have received TB screening within the year prior to the observation period.
- Acceptable written documentation of immunity to measles, mumps, and rubella:

- adequate immunization with live measles, mumps and rubella vaccines
- laboratory evidence of immunity
- Documentation of a history of varicella, positive (immune) titer, or two varicella vaccinations.
- Documentation of effective Hepatitis B immunization (positive immune response), completed hepatitis immunization series, or a signed declination.
- Documentation of receipt of influenza vaccine from the current flu season.
- If observership extends beyond 2 weeks: documentation of Tetanus, Diphtheria, and Pertussis vaccinations.
