37th Annual
Advances in Dermatology

provided by the NYU Post-Graduate Medical School

Thursday – Friday,
June 8 – 9, 2017

134 Years of Continuing Medical Education

The Ronald O. Perelman Department of Dermatology

NYU School of Medicine

Location
NYU Langone Medical Center
Alumni Hall, Farkas Auditorium
550 First Avenue (31st St.)
New York, NY 10016

Course Directors
Jerry Shapiro, MD
Jennifer A. Stein, MD, PhD
COURSE DESCRIPTION
Dermatology is a rapidly evolving specialty, with new advances in medical, surgical and cosmetic dermatology made every year. New medications and treatment modalities for both common and uncommon dermatological diseases have been released, or will be in the next few years, that will change the treatment indications for these conditions. In addition, older medications may still play a role in treating these conditions, and how they should be properly incorporated is vital for optimizing patient outcomes.

This two-day program will educate practitioners with an interest in the care of persons with skin disorders, including dermatologists, dermatologic surgeons, other specialists, primary care physicians and residents in dermatology with current therapeutic options and treatment guidelines as taught by an experienced faculty. It will focus on newly emerging clinically applicable knowledge—ranging from new guidelines to recognition of emerging agents and adverse events to translational research—regarding the best approaches to management of patients in order to achieve the best quality of care/outcomes for patients suffering from both common and uncommon dermatologic conditions.

STATEMENT OF NEED
• There are new systemic modalities for treating debilitating diseases such as psoriasis, autoimmune and other inflammatory dermatological conditions. Providers need to learn how and when to incorporate these modalities, especially in conjunction with older systemic options. As the field of dermatology learns more about these potentially devastating disorders, treatments become better tailored toward treating these diseases more directly and effectively. The hope is that using these new treatments—either alone or in conjunction with older therapies—will improve patient disease outcome and decrease adverse events.

• Communication is a key part of patient safety. Counseling patients on expectations of benefits and about potential adverse events is a critical part of successful patient communications. Practitioners need to be updated on emerging knowledge regarding effectiveness and side effects so as to best counsel patients.

• There are new topical medications that are being released that are expected to change the landscape of the medical management of acne, rosacea, and atopic dermatitis. These new treatment options will be made available to patients who previously had not been eligible for any kind of treatment options. In addition, these new treatments can be combined with older systemic options.

• New technologies in laser and light source devices and injectable filler substances are being developed rapidly for the treatment of dermatologic conditions. These advances may offer better outcomes for patients with these dermatologic conditions and dermatologists need to learn how and when to use them safely and effectively.

• As the indications for optimal management of cutaneous malignancies is always evolving, it is essential that clinicians be updated on these new options. New recommendations based on epidemiologic, histopathologic and clinical research need to be reviewed as well as best options on how to manage these malignancies to decrease both patient morbidity and mortality.

TARGET AUDIENCE
Dermatologists or physicians with an interest in dermatology

EDUCATIONAL OBJECTIVES
At the conclusion of this activity, participants should be able to:

• Establish an algorithm to determine which patients with psoriasis or autoimmune dermatological conditions are eligible for each new drug, how to dose the drug and how to safely monitor these patients.

• Better counsel patients on the expected benefits and possible side effects of systemic and topical medications, as well as the use of surgical and other procedural techniques to treat skin diseases and cosmetic concerns.

• Recognize those patients previously ineligible for treatment of acne, rosacea and atopic dermatitis and offer them new therapies.

• Describe the safety profile, risks and side effects of new medications; explain how to dose and monitor therapy; and assess their efficacy depending on the severity of disease.

• Establish a strategy to recognize which patients would benefit from new laser/light source devices or injectable substances, as well as describe how to use them safely and effectively.

• Describe the new indications for management of cutaneous malignancies and outline the options for their patients suffering from cutaneous malignancy in order to optimize their outcome.
COURSE FEES

Full: $495
Reduced: * $345

NYU School of Medicine Alumni: $345
Dermatology Residents: Waived
NYU Langone/NYU Lutheran
Dermatology Faculty & Staff: Waived (please bring valid NYU Langone/NYU Lutheran ID)

*Reduced fee applies to former residents and fellows; physicians employed by the Department of Veterans Affairs Medical Center, full-time active military personnel, nurse practitioners, retired physicians, and all other non-physician healthcare professionals.

FUTURE ADVANCES IN DERMATOLOGY DATES

June 7–8, 2018
June 6–7, 2019
June 4–5, 2020

GENERAL INFORMATION

LOCATION
NYU Langone Medical Center
Alumni Hall, Farkas Auditorium
550 First Avenue (31st St.)
New York, NY 10016

CONTACT INFORMATION
NYU Post-Graduate Medical School
Phone: (212) 263-5295
Fax: (212) 263-5293
Email: cme@nymc.org

ACCREDITATION STATEMENT
The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT
The NYU Post-Graduate Medical School designates this live activity for a maximum of 14.50 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAD ACCREDITATION
The New York University School of Medicine Advances in Dermatology (program #337100) is recognized by the American Academy of Dermatology for 14.50 AAD Recognized Credit(s) and may be used toward the American Academy of Dermatology’s Continuing Medical Education Award.

DISCLOSURE STATEMENT
The NYU Post-Graduate Medical School adheres to the ACCME accreditation requirements and policies, including the Standards for Commercial Support, regarding industry support of continuing medical education. In order to resolve any identified Conflicts of Interest, disclosure information is provided during the planning process to ensure resolution of any identified conflicts. Disclosure of faculty and commercial relationships as well as the discussion of unlabeled or unapproved use of any drug, device or procedure by the faculty will be fully noted at the meeting.

HOTEL ACCOMMODATIONS
Rooms are in very heavy demand in New York City; we urge you to make your reservations early. You may obtain a list of hotels located near NYU Langone Medical Center by visiting our website: med.nyu.edu/cme/travel

PARKING
For information, please visit nyulangone.org/locations/tisch-hospital/parking
We cannot validate parking for registrants.

**MEDICAL DERMATOLOGY**

**MODERATOR:** Jennifer A. Stein MD, PhD

1:00  **Best Dermatology Publications from the Last 12 Months from the Non-Dermatologic Literature... What You Didn’t Read**
Brian C. Machler, MD

1:15  **Great Cases from NYU Langone’s Inpatient Consult Service**
Nicole Seminara, MD

1:30  **When and Where to Biopsy Leg Ulcers**
Randie H. Kim, MD, PhD

1:45  **Retronychia: What to Do for Ingrown Nails**
Kristen I. Lo Sicco, MD

2:00  **Challenging Cases from the Dermatology-Rheumatology Clinic**
Alisa Femia, MD

2:15  **Your Patient Online Reviews: Do They Matter and What to Do with Them**
Rebecca Baxt, MD, MBA

2:30  **Panel Discussion**
Drs. Machler, Seminara, Kim, Lo Sicco, Femia and Baxt

2:45  **Coffee Break**

**PIGMENTED LESIONS AND MELANOMA**

**MODERATOR:** David Polsky, MD, PhD

3:00  **High Value Clues in Dermoscopy**
Tracey N. Lieberman, MD

3:15  **Pearls for Evaluating Pigmented Lesions of the Nail**
Jennifer A. Stein, MD, PhD

3:30  **Atypical Pigmented Lesions**
Shane A. Meehan, MD

3:45  **Molecular Testing in Melanoma: Ready for Prime Time?**
David Polsky, MD, PhD

4:00  **Melanoma Surgery Update**
Richard L. Shapiro, MD

4:15  **Update on Systemic Therapy for Melanoma**
Melissa Wilson, MD, PhD

4:30  **Panel Discussion**
Drs. Lieberman, Stein, Meehan, Polsky, Shapiro and Wilson

5:00 pm Adjourn
THURSDAY – FRIDAY, JUNE 8 – 9, 2017
NYU Langone Medical Center, Alumni Hall, Farkas Auditorium
550 First Avenue (31st St.), New York, NY 10016

COURSE REGISTRATION

37TH ANNUAL ADVANCES IN DERMATOLOGY
7:30 am Registration and Continental Breakfast

MEDICAL AND PROCEDURAL DERMATOLOGY
MODERATOR: Jerry Shapiro, MD

8:00 A Tiered Approach to the Management of Acne
Arielle R. Nagler, MD

8:15 Spironolactone 101
Shari B. Marchbein, MD

8:30 Advances in Device-Based Acne Treatments
Arielle N.B. Kauvar, MD

8:45 Atopic Dermatitis: Therapeutic Update
Lawrence F. Eichenfield, MD

9:00 PRP: Filling the Gap between Medical and Surgical Treatment for Hair
Michael Reed, MD

9:15 A Paradigm Shift in the Treatment of Alopecia Areata
Jerry Shapiro, MD

9:30 Panel Discussion
Drs. Nagler, Marchbein, Kauvar, Eichenfield, Reed and Shapiro

10:00 Coffee Break

PEDIATRIC DERMATOLOGY
MODERATOR: Seth J. Orlow, MD, PhD

10:30 Pediatric Atopic Dermatitis: Addressing Fear, Anxiety and Building Bridges with Families
Vikash Oza, MD

10:45 Evaluation and Management of Morphea in Children
Emily Berger, MD

11:00 Pediatric HSV Infections
Helen T. Shin, MD

11:15 Atopic Dermatitis and the Microbiome
Seth J. Orlow, MD, PhD

11:30 Weird and Worrisome Rashes
Lawrence F. Eichenfield, MD

11:45 Panel Discussion
Drs. Oza, Berger, Shin, Orlow and Eichenfield

12:00 pm Lunch

PROCEDURAL DERMATOLOGY
MODERATOR: Jerry Shapiro, MD

1:00 Erosive Pustular Dermatitis
Robin Ashinoff, MD

1:15 Update on the Evaluation and Management of High-Risk Squamous Cell Carcinoma
Mary L. Stevenson, MD

1:30 When is Mohs Right and When is Mohs Wrong: Appropriate Use Criteria
John Carucci, MD, PhD

1:45 Dermatologic Surgery — Welcome to My World
Michael J. Albom, MD

2:00 Next Generation Lasers for Vascular Lesions
Roy G. Geronemus, MD

2:15 Liposuction in Dermatologic Surgery Using Only Local Anesthesia
Ariel Ostad, MD

2:30 Panel Discussion
Drs. Stevenson, Carucci, Albom, Ashinoff, Geronemus and Ostad

2:45 Coffee Break

AESTHETIC DERMATOLOGY
MODERATOR: Jerry Shapiro, MD

3:00 What’s New for Leg Veins?
Julie K. Karen, MD

3:15 Filler Update
Elizabeth K. Hale, MD

3:30 Tranexamic Acid for the Improvement of Hyperpigmentation
Robert Anolik, MD

3:45 Bimatoprost: Eye-Opening Potential Uses Beyond Eyelashes
Deborah S. Samoff, MD, FAAD, FACP

4:00 Laser Scar Revision
Jeremy A. Brauer, MD

4:15 Fillers of the Future
Linda Franks, MD

4:30 Panel Discussion
Drs. Karen, Hale, Anolik, Samoff, Brauer and Franks

5:00 pm Adjourn
COURSE REGISTRATION

Please do not reduce or enlarge this form.
PLEASE PRINT ALL INFORMATION CLEARLY IN BLOCK LETTERS AND NUMBERS.

THURSDAY – FRIDAY, JUNE 8 – 9, 2017
NYU Langone Medical Center, Alumni Hall, Farkas Auditorium
550 First Avenue (31st St.), New York, NY 10016

After 12 pm on June 6, 2017, only onsite registration is available, provided the course has not reached capacity. Onsite registrants will incur an additional $20 charge and will receive a receipt by email in 1–2 weeks.
