

## **Requirements for Graduation**

### **Four-Year Pathway**

In addition to the successful completion of all pre-clerkship coursework and the core clerkships, students must also complete:

- Two four-week selectives
- Twenty weeks of elective time (in addition to selectives), eight weeks of which must be outside your anticipated area of specialty.
- One twelve-week concentration
- Four-week sub-internship
- Four-week Critical Care Clerkship
- Students must also pass the CCSE, Step I, and Step II (CS & CK) exams

### **Three-Year Pathway**

In addition to the successful completion of all pre-clerkship coursework and the core clerkships, students must also complete:

- One four-week selective
- Ten weeks of electives
- Four-week sub-internship
- Four-week Critical Care Clerkship
- Students must also pass the CCSE, Step I, and Step II (CS & CK) exams
