

## Secondary Application Materials for MD Degree Program

To assist applicants to the MD program with submitting the secondary application for NYU Grossman School of Medicine in a timely matter, we are providing the application questions below. We hope this gives applicants the opportunity to take the time to prepare their essays and submit their applications faster.

**We will NOT be accepting any secondary essays that are submitted to us through e-mails or attachments. All essays MUST be submitted through the application portal in order to be considered.**

1. If applicable, please comment on significant fluctuations in your academic record which are not explained elsewhere on your application.
2. If you have taken any time off from your studies, either during or after college, please describe what you have done during this time and your reasons for doing so.

***Please limit your answer on the following essays to a maximum of 2500 characters each.***

3. The Admissions Committee holistically evaluates a range of student qualities and life experiences that complement demonstrated academic excellence. What unique qualities do you possess that make you uniquely suited to become a physician or physician scientist? How have your individual lived experiences shaped your core values and desire to be a future leader in our profession?
4. Please answer only one of the following three questions:
  - a. The most meaningful achievements are often non-academic in nature. Describe the personal accomplishment that makes you most proud. Why is this important to you?
  - b. Conflicts arise daily from differences in perspectives, priorities, worldviews and traditions. How do you define respect? Describe a situation in which you found it challenging to remain respectful while facing differences?
  - c. Describe a situation in which working with a colleague, family member or friend has been challenging. How did you resolve, if at all, the situation as a team and what did you gain from the experience that will benefit you as a future health care provider?
5. NYU Grossman School of Medicine strives to provide our students with the option of accelerating their medical educational training. In order to guide our curricular efforts to provide additional opportunities for early career exploration for our students, please select up to three residency specialties that are currently of interest to you. Please note that your selection in no way impacts your admissions decision (i.e., there are no right or wrong selections), that it is not binding in any way, and that you may select "Undecided" if you are unsure of your future career path.
6. Please upload your most recent CV, ensuring the CV includes updated publications, abstracts, and presentations. (PDF format)
