Principles of Dance Medicine
Clinical Management of the Dancer Patient

Digital Continuing Medical Education Course

12-Part Online Learning Series
Coming 2014

Sponsored by the NYU Post-Graduate Medical School
The Harkness Center for Dance Injuries at the NYU Langone Medical Center’s Hospital for Joint Diseases is proud to offer its acclaimed continuing medical education (CME) course, *Principles of Dance Medicine: Clinical Management of the Dancer Patient*, as a 12-part digital series. This online learning series, to be released in 2014, will provide physician and allied healthcare practitioners with current, evidence-based knowledge and the necessary skill set to improve health outcomes among their dancer-patients. This digital platform is dedicated to the new generation of learners in the international dance medicine community.

**Topics Include:**
- Survey of Dance Injuries
- Biopsychosocial Considerations
- Adolescent Dancer Concerns
- Pointe Readiness
- Anti-Inflammatory Medications in Dancers
- Diagnostic Imaging in Dance Medicine
- Stress Fractures in Dancers

**Special Focus on:**
- Screening for Dance Injury Risk
- Hip and Knee
- Foot and Ankle
- Spine and Upper Extremity
- Biomechanics

**Accreditation Statement**

The NYU Post-Graduate Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

**Credit Designation**

This activity has been approved for *AMA Category 1 Credit™*.

This course is recognized by the APTA and NATA BOC (P2540) to provide continuing education units.
