| **MONDAY 2\(^{nd}\)**       | **12:00-1:00 PM** Translational Research in Progress (TRIP) Seminar  
Science building Ground Floor, Room G19  
The Microbiome and Control of Liver Immunity  
George Miller, MD |
| **1:15-2:15 PM** Pathology Seminar Series  
Skirball 3\(^{rd}\) floor Seminar Room  
Hosted by Dr. Stefan Feske  
Leveraging Tumor Microenvironment Metabolism for Immunosuppressive Therapy in Solid Organ Transplant  
Ulf H. Beier, MD-University of Pennsylvania |
| **TUESDAY 3\(^{rd}\)**       | **12:00-1:00 PM** Pathology Resident Journal Club  
Medical Science Building 588  
Presenting:  
Fei Chen (PGY 3) and Hasanain Hasan (PGY 1) |
| **5:00-6:00 PM** Work-in-Progress (MOTI) Seminar  
MSB 588 Seminar Room, 5\(^{th}\) floor  
Identifying Metabolic Vulnerabilities in Pancreatic Cancers  
Douglas Biancur, Mentor Alec Kimmelman |
| **WEDNESDAY 4\(^{th}\)**     | **3:00-4:00 PM** Work-In-Progress (I&I) Seminar  
Science Building 1220, 12\(^{th}\) Floor  
Role of CD169\(^+\) Macrophages in Host Response  
Stephen Yeung, Mentor Kamal Khanna |
| **4:30-5:30 PM** PCC Research Seminar  
Smilow 1\(^{st}\) floor Seminar Room  
Hosted by Dr. Mark R. Philips  
Investigation of Novel RAS Post Translational Modifications  
Sharon L. Campbell, PhD, University of North Carolina School of Medicine |
| **THURSDAY 5\(^{th}\)**      | **12:00-1:00 PM** Immunology Club Seminar  
Skirball 3\(^{rd}\) floor Seminar Room  
Hosted by: Dr. Ken Cadwell  
Role of nociceptor neurons in barrier immunity and host defense  
Dr. Isaac Chiu, Harvard Medical School |
| **2:30-3:30 PM** Pathology Special Seminar  
Smilow Research Building, 13\(^{th}\) Floor Conference Room  
Interesting Finds  
Alexis Snead, MD, Ameripath/Qest Diagnostics |
| **FRIDAY 6\(^{th}\)**        |                                  |
