Integrating CHWs into Healthcare Systems: Translating Evidence into Policies and Action

Date: Thursday, October 1, 2015
Location: NYU School of Medicine, Alumni Hall B
Time: 9 am - 2 pm

Goals:
1. Discuss best practices, model programs, and innovations related to CHW integration into the healthcare workforce from payor, community, and health systems perspectives
2. Consider sustainability concerns regarding CHW workforce and discuss needs to make an effective business case for CHW integration into healthcare teams
3. Discuss future challenges, concerns, and areas of research and advocacy for fostering effective community-clinical linkages to care in New York state
