Dear PCI Laboratory Users:

According to the NYULMC policy, it is mandatory that you acknowledge the PCI Laboratory at the New York University Langone Medical Center in all publications and grant applications if you are using equipment, services, expertise and data generated at the Laboratory. Authorship should be considered when Laboratory members are involved in significantly developing the experimental design or contribute to the publication content by advancing it to publishable form. Please send us the PDF file of your publications and let us know if the grant is awarded. This will enable us to demonstrate our involvement in the research of a large number of laboratories at the university, aiding the procurement of future equipment for the Laboratory.

The NYU Cancer Institute Center Support Grant partially funds this Laboratory. Please acknowledge the NYUCI Center Support Grant, “NIH/NCI 5P30CA016087,” in any publication resulting from the use of this Laboratory.

Our Laboratory remains committed to do our best to meet your service expectations. If you have any questions, please do not hesitate to contact me.

Sincerely,  
Youssef Zaim Wadghiri  
Director, PCI Core  
Associate Professor of Radiology  
NYU Langone Medical Center
