Building research infrastructure in community-based organizations

Carolyn Leung Rubin EdD, Nathan Allukian BA, Laurel Leslie MD, MPH
Tufts Clinical and Translational Science Institute
The Partnership

This program is funded by an American Recovery & Reinvestment Act (ARRA) grant award from the National Institutes of Health as a supplemental award to Grant Number UL1 RR025752 from the National Center for Research Resources.
Pedagogical/Teaching Framework

**DRAWS FROM BEST PRACTICES IN EDUCATION**

- Relational approach to partnership building
- Creation of a learning community
- Organic curriculum model
- Collaborative teaching mechanism with diverse faculty
- Applied learning
Reflection of Fellows

• Addressed issues of oppression and distrust within marginalized and over-researched communities
• Gained skills in research literary and negotiation skills
• Facilitated a collective understanding as to the role of research as a powerful tool to bring about social change
• Increase in confidence and empowerment
Policy recommendation

Opportunity:
Research funding for community-based organization and health centers
