Dean’s Scholars Announced
Congratulations to Dr. Adam Mor (Department of Medicine) and Dr. Linda Dultz (Department of Surgery), who will join the Physician Scientist Training Program in the summer of 2011.

Save the Dates
TREC Grand Rounds
Tuesday March 1 from 4 – 5 PM
Xavier Castellanos MD
will speak about collaborating on grants.
Location: Verizon Building (227 E. 30th Street)
7th Floor Conference Room
MSCI, KL2, and TL1 Scholars: please email Kathryn.Nyland@nyumc.org if you cannot attend.

Upcoming TRIP Seminars
Monday March 7 from 1 – 2 PM: Ann Marie Schmidt, MD and Mario Delmar, MD, PhD.
Monday March 21 from 1 – 2 PM: Xi Huang, PhD.

Translational Research Mentorship
Nominations Sought
As an acknowledgement of the value the CTSI places on mentorship, TREC created the Translational Research Mentorship Award to recognize outstanding mentors. Superb mentors in translational research from any of the Schools or Colleges of NYU are eligible for this award. Mentors at one of the NYU-HHC CTSI facilities who are Associate Members of the CTSI (apply for membership here) are also eligible.

To nominate one’s mentor, the mentee must submit one letter to the Award Subcommittee. Please be illustrative when writing your nomination letter. More details a can be found here. Email your letter to Kathryn.Nyland@nyumc.org by 5 PM on Thursday, February 17. You will receive confirmation of receipt.

MS in Clinical Investigation Application Released
Interested board-eligible clinicians can find information and the application here.

Current medical school students interested in a dual MD/MS degree can find information and the application here.

Lasker Clinical Research Scholars Program RFA
The NIH has launched a new program in conjunction with the Lasker Foundation to support clinical researchers for upwards of 12 years. The goal is to bridge the widening gap between cutting-edge research and improved patient care. The program is open to clinician scientists both from the extramural and the intramural community. Applicants must have an MD, MD/PhD, DO, DDS, DMD, RN/PhD or equivalent clinical degree, and must be no more than 6 years from completion of their core residency training program. The deadline is March 4 for a letter of intent, and April 4 for the full application. Candidates must also obtain a DUNS number and register with the NIH eRA Commons prior to submitting an application.

More information, including the RFA, is at http://www.nih.gov/science/laskerscholar. Direct any questions about this program to Charles R. Dearolf, Ph.D., Assistant Director for Intramural Research, at LaskerScholar@nih.gov.

NYU School of Medicine Master Scholars
Medical Humanism Program presents the Colloquium on Medical Ethics “The Language of Pain”
David Biro, MD, PhD
Clinical Associate Professor Of Dermatology SUNY Health Science Center @ Brooklyn
Wednesday, February 23 at 12 PM
Location: Smilow Multipurpose Room
Lunch will be served (RSVP not required)

The TREC newsletter is published bimonthly.
Please send events and suggestions to Kathryn.Nyland@nyumc.org
You are invited to a special lecture by Dr. Kelley Newlin at NYU College of Dentistry entitled

"Research Evidence: The Relationship of Periodontal Disease and Diabetes"

Wednesday, March 2 from 1 - 2 PM
NYUCD (345 East 24th St) Room 45

For additional information, please contact Dr. Madeleine Lloyd, 212-998-9801.

The Science of Teamwork:
What Matters in Teams and Team Leaders

with Dr. Eduardo Salas, University Trustee Chair & Pegasus Professor of Psychology, University of Central Florida

Tuesday, March 22
11:00 AM - 1:00 PM
The Rudin Family Forum at The Puck Building
295 Lafayette Street, 2nd Floor, New York, NY 10012

RSVPs are required: Please RSVP by March 18, 2011 online at http://wagner.nyu.edu/events
A light lunch will be served.

Teamwork has become an obsession in many industries and organizations. But what do we know about teamwork, team leaders and team effectiveness after decades of research? Professor Salas will highlight what we know about the science and practice of teamwork and team leadership. The talk will provide practitioners and scholars with valuable insights about what contributes to team effectiveness in organizations.

Congratulations Firas Mussa

Dr. Mussa, a Masters of Science in Clinical Investigation trainee, was invited to give his talk Endovascular Treatment of Acute Uncomplicated Type B Aortic Dissection at the UK’s National Health Service-sponsored Surgical Research Day in Kent, UK.

**TL1 Training Opportunity for Advanced Doctoral Students Announced**

The Clinical Translational Science Institute (CTSI) of New York University is pleased to announce the availability of a new funding/training program for students pursuing training in translational research at the doctoral level. Individuals at all of the NYU CTSI-participating schools (School of Medicine, College of Dentistry, College of Nursing, Wagner School of Public Services, Steinhardt School of Culture, Education, and Human Development, Stern School, Silver School, Courant and GSAS) are eligible to apply. The program will provide stipend support, as well as funding for tuition and travel to meetings, to up to six awardees per year. Funding will be for a year, with the opportunity to apply for a noncompetitive renewal to extend the award by an additional year.

*Applications for 2012-2013 TL1 funding will be due by 5:00 pm on MAY 9, 2011. Applicants and their mentors must be prepared to accept TL1 funding for a start date of JANUARY 1, 2012.*

Additional information about the program and application materials and instructions may be found on the CTSI TL1 website at [http://ctsi.med.nyu.edu/education/tl1-translational-research](http://ctsi.med.nyu.edu/education/tl1-translational-research).

**KL2 Training Opportunity Announcement Forthcoming**

A request for proposals for the next cohort of KL2 postdoctoral translational research scholars will be announced in late March. KL2 funding will begin in January of 2012. Information and downloadable application will be posted on the CTSI KL2 website: [http://ctsi.med.nyu.edu/education/kl2-translational-research](http://ctsi.med.nyu.edu/education/kl2-translational-research).

**Save the Date**

**PSTP Year-End Recognition Event**

Monday June 13th from 5:00 - 7:30 PM
Smilow Multi-Purpose Room
NYU Medical Center, 550 First Avenue

Current and future Dean’s Scholars, their mentors, and anyone else interested in the Physician Scientist Training Program are welcome to attend. **Refreshments will be served.**

**MS in Clinical Investigation Application Released**

Interested board-eligible clinicians can find information and the application [here](#).

Current medical school students interested in a dual MD/MS degree can find information and the application [here](#).

The deadline has been extended to April 1.

Translational Science 2012 Call for Abstracts

Deadline: Friday, December 16, 2011

Don’t miss this opportunity to have your research seen by senior investigators and leaders in clinical and translational science. We encourage you to submit abstracts that show collaboration across disciplines. Accepted abstracts will be published in *Clinical and Translational Science (CTS)*, the official journal of SCTS.

Introduction to Biostatistics Online Modules

*Introduction to Biostatistics* has been made available online via ALEX (Advanced Learning Exchange) by the School of Medicine’s Division of Biostatistics. This course, developed by Johns Hopkins Bloomberg School of Public Health, consists of lecture slides and accompanying audio for each session. Each audio module will take 5 - 20 minutes. It will be feasible to complete all the modules in three to four weeks, although it can be done at your own pace.

To join: 1. Log into ALEX ([http://alex.med.nyu.edu](http://alex.med.nyu.edu)) with your Kerberos ID or NetID and password 2. On your My Workspace site, select ‘Membership’ from the left-hand menu of options 3. Click ‘Joinable Sites’ at the top of the Membership page 4. Find CTSI Introduction to Biostatistics (the first option in the list) and click ‘Join’

Translational Science 2012 Call for Abstracts
Deadline: January 6, 2012

Don’t miss this opportunity to have your research seen by senior investigators and leaders in clinical and translational science. We encourage you to submit abstracts that show collaboration across disciplines. Accepted abstracts will be published in Clinical and Translational Science (CTS), the official journal of SCTS.

The Translational Science 2012 Meeting will be held April 18-20 in Washington, DC. The Meeting focus is to focus on improving health through research and training. Make sure your research is recognized by the clinical and translational science community and submit your abstract today.

Submit via http:// translationalsciencemeeting2012.abstractcentral.com/

IRB Offers One-on-One Consultations

The IRB Outreach Program assists investigators developing their submissions in a one-on-one meeting. Appointments are available weekly and can be held in person or over the phone.

Registration Required: To schedule a meeting, please contact Marina Godina, Sr. Scientific Manager for Full Board Reviews, at marina.godina@nyumc.org or Judy Kwak, Scientific Manager for New Exempt Review and New Expedited Reviews, at judy.kwak@nyumc.org

Subscribe to the quarterly CTSI newsletter by emailing ctsi-subscribe-request@listservprivate.med.nyu.edu

The TREC newsletter is published bimonthly. Please send event information and suggestions to Kathryn.Nyland@nyumc.org
