REQUEST FOR PRESENTATIONS for 5th Annual Clinical Research Management Workshop

Yale’s CTSA is currently seeking submissions for their 5th Annual Clinical Research Management Workshop “Learning by Doing: Applying Evidence-based Tools to Re-engineer Clinical Research Management.” The workshop will be held June 3-5. Available formats include: podium presentations, panel discussions, small-group activities, or any other possibilities within what the venue will accommodate. Presentations will typically last from 60-90 minutes. Please provide a 1-sentence description of the format (plenary, panel etc.) along with a brief description of the topic (an abstract) to ctsa_researchmanagement@ctsac4.org by the close of business on January 27, 2012. Yale anticipates that all presentations will be reviewed and selected prior to February 24, 2012. Request for poster abstracts will follow in March.

IRB Offers One-on-One Consultations

The IRB Outreach Program assists investigators developing their submissions in a one-on-one meeting. Appointments are available weekly and can be held in person or over the phone. Registration Required: To schedule a meeting, please contact Marina Godina, Sr. Scientific Manager for Full Board Reviews, at marina.godina@nyumc.org or Judy Kwak, Scientific Manager for New Exempt Review and New Expedited Reviews, at judy.kwak@nyumc.org

Important Upcoming Dates

• Celebatory Dinner for KL2 Scholars: January 26 @ 6 PM
• TL1 Integrative Seminars start February 10th @ 9 AM
• CSTI Translational Science Conference in Washington DC April 18th – 20th
• MSCI Thesis Presentations May 2nd and 3rd

Get the scoop about training opportunities and internal funding mechanisms by following @CTSINYULMC on twitter.

The Mentor Development Program is Now Accepting Applications

The CTSI and TREC are proud to offer an integrated state-of-the-art mentoring program for junior faculty led by Adina Kalet MD. Sessions will be held May through July; topics include:

- What is our role in Clinical Translational Research?
- Defining the Mentoring Relationship and Appreciating its Rewards and Challenges
- Effective Mentoring and Diversity
- Self-differentiation and Attunement
- Theories of leadership: Maps for Mentoring
- Time Management
- Strategies for Writing Collaboratively
- Difficult Issues in Mentoring

Applications are due by April 25 and can be found, along with information about program, on TREC’s website.

Now Accepting Applications for KL2 Training Award Program

The KL2 program in Translational Research is a University-wide, post-doctoral training and career development opportunity for individuals who are on the path to (but have not yet achieved) research independence. The 2-year program includes formal didactic work and mentored research experience. KL2 Scholars will be selected from among postdoctoral health professionals conducting translational research at NYU or an HHC CTSI affiliate. To download an application, due April 11, visit TREC’s website.

The TREC newsletter is published monthly. Please send event information and suggestions to Kathryn.Nyland@nyumc.org
**events**

**New KL2 Scholar Selected**

The CTSI and TREC are proud to announce the newest KL2 awardee, College of Nursing’s Marie Boltz, PhD, APRN, BC. Her proposed project is entitled *Testing a Family-Nurse Partnership for Care of Hospitalized Persons with Dementia*.

The KL2 program in Translational Research is a University-wide training and career development opportunity for individuals who are on the path to research independence. Congratulations Dr. Boltz!

**Important Upcoming Events for TRECies**

- Masters of Science in Clinical Investigation Retreat (for rising and recently-graduated MSCI trainees): Thursday, June 7 at noon at Pete’s Tavern.
- KL2 Ethics Seminars (for current KL2 scholars): Oct. 10, Nov. 14, and Nov. 28, all from 5 – 7 PM and all at 250 Park Avenue South, 6th Floor Conference Room.
- PSTP Seminar (for current and incoming Dean’s Scholars): Monday June 11 1 – 2 PM in the Smilow 7th Floor Conference Room.
- The next Mentor Development Program will be Friday, June 15th at 10 AM in the Translational Research Building 6th Floor Conference Room.
- Executive Committee Meeting (for members only): Monday, June 18th at 10 AM in Translational Research Building 8th Floor Conference Room.

The TREC newsletter is published monthly. Please send event information and suggestions to Kathryn.Nyland@nyumc.org.

**opportunities**

**Funded Short-Term Training Opportunity from the Mailman School of Public Health, the Irving Institute and the Columbia Summer Research Institute (CSRI)**

FIRST in CER seeks to recruit and train junior scientists who can improve public health and reduce health disparities throughout the nation. Recognizing the urgent and compelling need to promote diversity, the PRIDE award will provide rigorous training and mentoring opportunities to junior faculty members from diverse backgrounds, and equip them with the essential skills needed to conduct comparative effectiveness research and address some of the most complex health problems facing us today. Components of this 14-month program include: didactic training through the Columbia Summer Research Institute (CSRI), mentoring and professional development, grant writing support, and CER seminars.

**Eligibility:** We are currently seeking applications from individuals with race/ethnic backgrounds that are underrepresented in biomedical research; those from disadvantaged backgrounds; or individuals with disabilities that substantially limit one or more major life activities. Furthermore, applicants must be junior faculty members, holding instructor level or higher positions at any institution and health-related doctoral degrees such as the PhD, MD, DO, DrPH, DDS, DMD, DVM, or equivalent, as well as doctorally-prepared nurses. This award is open to US Citizens or Permanent Residents. Individuals ineligible for PRIDE include those with post-doctoral titles on July 1, 2012, and current and former principal investigators on NIH research grants (R01), subprojects or program project (P01) or center grants (P50).

Interested candidates should complete a pre-application by clicking here. To learn more about this program, please visit this page.
Opportunities

Physician-Scientist Training Program (PSTP) Request for Proposal announced.
The goals of the Program are to improve the education of our housestaff, increase the cadre of translational researchers at NYU, foster, foster interdisciplinary approaches among our faculty, and foster the development of future NYU faculty. Clinical trainees selected for the Program will devote 12 months to research with at least 90% protected time.
The deadline is December 21, 2012. Those interested in applying, can find the application on line at: http://ctsi.med.nyu.edu/researcher-resources/training-and-education/training/pstp

Mentor Development Program (MDP) RFA Announced
Innovative curriculum for training research faculty to become the next generation of effective clinical and translational mentors is available. The goal of this program is to help you improve your mentoring skills, to the benefit of both your own research program and future success of your trainees. Deadline for the application is: October 24, 2012 The application can be found at: http://ctsi.med.nyu.edu/researcher-resources/training-and-education/training/mentor-training

News & Upcoming Events

Congratulations Ilseung Cho, KL2 Scholar who recently published a paper in Nature along Dr. Martin Blaser Please see the link to Nature for additional details/to read the article. http://www.nature.com/nature/journal/v488/n7413/full/nature11400.html

Distinguished Science Writer to lead TL-1 Seminar on Science writing for October
Date: Oct. 12, 2012
Time: 9:00 – 10:00 am
Place: Dept. of Medicine Large Conference Room “OLD BELLEVUE” ADMINISTRATION BUILDING, ROOM #A-611
Guest Speaker: Dr. Gerald Weissman

TREC Grand Rounds
Date: Thursday, Oct. 24, 2012
Time: 4:00 pm
Topic: Collaboration Tools and Information Resources
Place: TRB, 7th Floor Room 718
Speaker: Alisa Surki, Translational Science Librarian & Instructor

The TREC newsletter is published monthly. Please send event information/suggestions to: Tara.Brant@nyumc.org

Subscribe to the quarterly CTSI newsletter by emailing ctsi-subscribe-request@listservprivate.med.nyu.edu

“Translating Science into Innovation in Healthcare: How industry and academia together can create opportunity in a time of crisis.” Symposium October 27-28, 2012 RFA Released for interested parties, deadline is Oct. 12, 2012. For additional information, please contact: Tara.Brant@nyu.org
Congratulations to Our Translational Mentors of the Year

Perry N. Halkitis, PhD, MS, Associate Dean for Research and Doctoral Studies, NYU Steinhardt/NYU Langone School of Medicine and Richard Sinert, DO, Attending Physician, Kings County Hospital Center, Associate Professor of Emergency Medicine/College of Medicine SUNY Downstate Medical Center. Each will present his research during an upcoming TRIP Seminar.

On-Line Training Modules – TREC is pleased to announce the release of Part 1 of our new online course, “An Introduction to Clinical Research”. Five highly-interactive modules introduce basic clinical research principles and are publicly accessible through the CTSI website Modules. Thanks to Nate Link (Course Director); Arthur Fierman (Instructor) and the Division of Educational Informatics—So Young Oh, Sabrina Lee and Marc Triola—for making this possible!

Congratulations to Ilseung Cho, CTSI KL2 Scholar whose research was recently featured in an article for the New Yorker Magazine. Click here for more information Cho Article.

Mentor Development Program (MDP)-Rescheduled.
Originally scheduled for Fall 2012, postponed until Spring 2013 due to Hurricane Sandy. PLEASE LOOK FOR THE REVISED RFA with new dates, coming soon.

MSCI Program – New Class Recruitment for 2013 start.
RFA will be released in January for the class of 2015.

Physician-Scientist Training Program (PSTP) - Request For Applications Ongoing
PSTP supports clinical trainees (residents or fellows), engaged in basic or translational research, to extend their research training for one year. Trainees selected for the program will be designated Deans Scholars. Those interested in applying can find additional info and the application on line at PSTP. Deadline is December 21, 2012.

Seed Grants Available. The Office of the Provost of NYU-Poly announces the 2013 NYU-Poly Seed Grants for Collaborative Research competition. Deadline: February 15, 2013. Questions may be directed to Farooq.Niazi@nyu.edu
